The Help I Needed

I come from a great family. I have a mom and dad that love me and their main goal growing up was to take care of me and my siblings.

We were just really poor. Like really poor. My parents couldn't take care of me the way they wanted. They both worked, but they didn't have much education and couldn't find a job that paid well.

We struggled my entire life. Vacations and toys weren't even a possibility and 3 meals a day were never promised.

When I was about to graduate high school and I needed help with community college, one of my teachers told me about YouthHope.

I went to YouthHope and asked them if they could

help me buy my books and they said yes.

I was able to finish my AA because of their help.

After I earned my AA, I found myself without a place to live. My parents couldn't afford to take me back in and I was homeless.

I went back to YouthHope to see if there was anything they could do for me.

They immediately got me into housing. They knew how urgent it was and didn't

want me staying in my car or being on the streets for a single night.

I went from being homeless to having a room that was all mine.

I now have a good job, still in the same house, and I've never felt so safe or taken care of before.

Thank you YouthHope for helping me when I needed it the most!

A Note From the Founder

We are getting closer to our Car Show happening in September. Have you signed up yet? We are looking for cars to be shown and we are also looking for vendors that want to sell their goods or food items.

If you have any questions about our Car Show, make sure to email our Fundraiser at fundraiser@youthhope.org.

We are busy at YouthHope this summer. We have had

several youth come in needing housing. We are so thankful for all the organizations that we partner with for housing. Each person that comes in looking for housing, has different needs. Each organization has different focuses and so we are able to send youth to the organization that will be most beneficial for them.

Some youth need temporary housing, while others need a sober house. Some need long

term housing, and others just need some rental assistance.

Regardless of what each youth needs, we are dedicated to helping them find the best fit for them that will help them be successful and become self-sufficient.

We are also still always accepting clothes and grocery items for our youth. These are practical items that help our youth in their day to day life.

I hope your summer continues to be full of fun and community.
