College, Here I Come

I've lived with my grandpa my whole life. My parents were never around and I rarely see them now.

My grandpa never wanted to be a parent again. He never told me that, but I can tell by the way he puts up with me. There's not a lot of love, just a lot of annoyance.

As I've gotten older, the less he has cared what I do with my days. If I wasn't bothering him, then he was ok with my choices. Growing up like this made me think I had no future.

I stopped going to school pretty early on in my teenage years. I didn't like it and I didn't see a point in it. I didn't have anyone telling me the importance of staying in

school. After ditching school, I ended up being home a lot and my grandpa did not like that. He told me I had to be gone during the day.

That's when I found YouthHope. I would wake up, hang out at YouthHope and then come home later at night.

The staff at YouthHope started talking to me about what my goals and dreams were. They helped me figure out what I want for my life.

I decided I wanted to take the Hi-set to get my high school diploma. I started studying and it really helped me to start dreaming about the goals I have. I have now passed 2 of the Hiset tests and studying for my next one.

I don't have to continue living a life that I don't want to. I can achieve and have a career of my own. Thank you YouthHope for helping me see that!

A Note From the Founder

We are so excited to announce our Car Show this September. This is such a fun fundraiser that we put on each year.

We are looking for cars to be shown. Last year we had over 100 cars and it was so fun to see all of the different types of cars that people brought.

We are also looking for vendors who want to come and

sell their goods. We want both merchant vendors and food vendors to be there for our Day in the Park.

This is a really great opportunity to showcase what you sell. We have a growing attendance each year.

Make sure you sign up to be a part of this great day.

I can't believe there's only a month left of school. We have several youth graduat-

ing this year and I'm so proud of them. We will be having a End of School Year Celebration with a water slide and BBQ.

We won't just be celebrating our seniors though. We will be celebrating all of our youth and all the hard work they have put in this year.

It's always a great time and I can't wait to celebrate them!
