

Congratulations!

You're going to Walt Disney World

Your trip is officially booked. You can access your reservation at any time by going to www.disneyworld.disney.go.com

THANK YOU AGAIN FOR TRUSTING ME TO
PLAN YOUR MAGICAL ADVENTURE!

Important Dates

Your Walt Disney World vacation is officially booked, but this isn't where your personalized planning experience ends. Below are the important parts of the timeline to remember. Please note them in your calendar. We will plan to connect again to ensure everything is perfect for your Magical getaway!

01

DINING RESERVATIONS & ENCHANTING EXTRAS - 60 DAYS OUT

One of the most important parts of our planning process will be creating your dining schedule. Dining reservations for your vacation will release 60 days prior to your check-in date, beginning at 6:00 am eastern time. This is a service I provide for my clients, so in the weeks leading up to your "dining day," we will connect to discuss your preferences. Enchanting Extras - like Bibbidi Bobbidi Boutique and Savi's Light Saber building - will also be available to book at this time.

02

CONVENIENCES AND MEMORY MAKER - 45 DAYS OUT

Around 45 days prior to departure, we should finalize any transportation needs, as well as stroller or scooter rentals. You may also want to add Memory Maker to your package (see the info page on Memory Maker).

03

DISNEY MAGICBANDS - 30-45 DAYS OUT

You may purchase Magic Bands through your My Disney Experience account at a reduced cost. Magic Bands add to the fun and convenience of touring the parks and staying on-property; they act as your room key, ticket to the parks, and even allow you to make room charges at retail and dining locations across property.

04

FINAL PAYMENT DUE - 30 DAYS OUT

Your final payment is due 30 days prior to check-in date. If you would like to make payments prior to that, you're welcome to do so. I will reach out in the days leading up to this final payment to remind you of your balance and verify payment information. Note: if you would like to add travel protection, you must do so *before* final payment is made.

05

FINAL TRIP CONSULTATION - 1-2 WEEKS OUT

I know this vacation is an exciting one for your family, and there are always so many pre-travel questions to answer. In the final 1-2 weeks prior to your departure, we will connect for a final consultation. This will be our chance to go over the fine details of your trip and answer any questions you may have. I'll reach out closer to time to set the date.

Setting up your My Disney Experience Account

- 1** Visit www.mydisneyexperience.com, then create or update your account using the password I provided.
Note: if you have a Disney+ streaming account, a change to either password will affect both
- 2** Go to "My Profile." Check that your contact and payment information is captured. Your mailing address, phone number, and a current credit card must be on file to make dining and other reservations
- 3** Go to "Family and Friends" and add your travel party
I am happy to help with this as needed. Please provide first and last names for all guests, as well as the birthdays for any children under age 18
- 4** Alert me when you're done. I will link your reservation and make sure everything is ready to go!
- 5** You can check your My Disney Experience account information on the website or by downloading the My Disney Experience app

Memory Maker

A Disney PhotoPass Product

If you add Memory Maker for your trip, you'll enjoy:

- Digital downloads of your Disney PhotoPass photos and videos
- Select attraction photos and videos
- Iconic, professional photos taken by Disney PhotoPass photographers
- "Magic Shots" featuring Disney characters and more, added to your photos

How Does Memory Maker Work?

1. Disney takes your picture. Disney photographers take your photo in iconic locations—plus lots more.
2. You view your photos. Your MagicBand, photo card, or personal QR code links your photos to your Disney account.
3. You download them. Get downloads of your Disney PhotoPass photos and videos for one price and unlimited downloads on your phone and computer. Simply tap "activate photos" when viewing your pictures in the app; this removes the watermark and allows you to begin downloading.
4. Be sure to finish your downloads by 30 days post-activation of Memory Maker.

MagicBands

YOUR KEY TO A
CAREFREE VISIT

What are MagicBands?

MagicBands are colorful, waterproof wristbands—resembling a watch or bracelet—that you can quickly and easily touch to a sensor called a touch point. Cards work in a similar fashion but physically resemble a plastic credit card or driver's license. Both MagicBands and cards allow you to tap in to touch points, but MagicBands allow you to travel lighter throughout your vacation and maximize the convenience.

You can use your MagicBand or card to:

- Unlock the door of your Disney Resort hotel room
- Enter theme and water parks (with valid admission)
- Connect Disney PhotoPass images to your account
- Charge food and merchandise purchases to your Disney Resort hotel room (only available during your hotel stay)

How to get a MagicBand or Card

MagicBands are available for a reduced cost to all guests of official Walt Disney World resorts. MagicBands may also be purchased when you arrive but at full retail price.

To customize and order MagicBands for your family, simply log in to your My Disney Experience account, hover over the "My Disney Experience" menu at the far right of the toolbar, and select "My MagicBands and Cards." Follow the prompts and make sure you get all the way through the check out process where you'll put in your delivery address and payment information. Of course, if you get stuck, send me a note! Your MagicBands will ship soon after ordering, and I recommend you order at least a month before your check-in date.
