

“With Match Made In Hell, Bad Marriage doesn’t just introduce a new album — they throw down the gauntlet. The riffs hit hard, the rhythm section drives it straight through your chest, and the vocals soar with attitude and authority. They’ve nailed the sound, the feel, and the fire. Turn it up and let it rip.”

— Ralph Rasmussen, RadioBypass

Bad Marriage – “Match Made In Hell” album rocks down the aisle March 13th

“Match Made In Hell,” the debut full-length album from Bad Marriage via RFK Media and Amplified Distribution, officially hits the streets worldwide on Friday the 13th of March. Riding a massive wave of positive response to the presale campaign, over 30K immediate organic views on the official music video, and packed houses on tour, it seems the honeymoon has officially begun.

The first single/title track has already impacted Apple’s “Breaking Hard Rock” and “New In Rock” playlists. The release has already been front-page news on all the major rock media sites. And the hardcore fans (lovingly known as the “Bad Marriage Society”) are unanimously standing at the altar in praise as they begin to consummate this sonic love affair by cranking up the album over and over again.

CDs and vinyl LPs are available now at <https://rfkmediashop.com> and <https://badmarriagemusic.com>, and of course all major online retailers like Amazon, Tower Records, and Target. The CD includes an extra bonus track that wouldn’t fit on the vinyl version, plus 12 other songs joined forever in unholy matrimony on this timeless collection. The LP with gatefold is pressed on mixed ‘blood moon’ colored 140-gram vinyl.

This powerhouse band out of Boston has been winning over the fans and the media for several years now and is well-positioned for the big time, and the new album “Match Made In Hell” fully embraces the spirit of their classic roots while capturing a modern active rock sound. Bad Marriage – guitarists Mike Fitz and Tommy Skeoch (who was a founding member of Tesla), vocalist Jonny Paquin, bassist Todd Boisvert, and drummer Michael Delaney – is already on the road and plans to stay there throughout 2026, with a full calendar of tour dates leading up to two appearances at this year’s Monsters On The Mountain rock festival August 22/23, on the bill with Bret Michaels, Night Ranger, and more.

We now pronounce you...FAN FOR LIFE.
