PRE-PREMIERE CONCERT PARTY JULY 19th with RON KEEL – Everett, Washington

WEST COAST RED CARPET THEATRICAL PREMIERE JULY 20th – Edmonds, Washington

BEGINNING OF THE END, the new horror/sci-fi anthology movie starring million-selling rocker Ron Keel, Playboy model Kaitlyn Jayne, and Melody Portnoy (daughter of Dream Theatre's Mike Portnoy), will host a red-carpet West Coast theatrical premiere July 20th in the Seattle area at the historic Edmonds Theatre.

This film is a collaboration between several up-and-coming visionaries, including award winning writer/director Terry R. Wickham ("Double Vision," "Devil's Five"), Jack Marziliano, and Zach Maldonado. It weaves together four short movies rooted around the theme of Artificial Intelligence making people kill each other on the same night (in the same world) in almost linear time in different ways.

The movie's hauntingly epic soundtrack was scored by Michael Romeo (Symphony X), and ex-Queensryche drummer Scott Rockenfield will moderate a Q&A session with Wickham, Keel, Portnoy and other cast members after the premiere. The historic Edmonds Theatre, over 100 years old, is a perfect location for this red-carpet screening as Wickham grew up in nearby Everett, Washington, where Ron Keel will headline a Pre-Premiere Concert Party the previous night (July 19th) at Tony V's Garage.

Fans are encouraged to join the stars and filmmakers for both nights, and several ticket packages are available – the VIP combo for only \$44.52 (that includes all ticket fees) gets you into the concert, the movie premiere, and a souvenir movie poster autographed by the principals in attendance. A free meet & greet will enable all who attend to meet, and take pictures with, the stars and director.

Those principals, including writer/director Terry R. Wickham and stars Ron Keel, Kaitlyn Jayne, and Melody Portnoy, are available for radio, podcast and other media interviews leading up to the premiere. Contact Jody Best – bestbetpromo@yahoo.com – and we'll see you for an unforgettable night of thrills, chills, and popcorn spills at the **BEGINNING OF THE END**.
