## BREATHE

Saw you yesterday before  
The sky was falling down  
Held you last night before  
The night was burning down  
I want to run the streets  
That bare your name  
Drown the fear  
And rise within your flame

And I feel alive  
For the first time

I can breathe  
Breathe  
Free  
And it takes all of me  
Not to scream Set me free

I promise that today  
Jesus takes the wheel  
I promise that today  
There's no one left to heal  
And I want to breathe in life And rise with its flame

And I feel alive  
For the first time

I can breathe  
Breathe  
Free  
And it takes all of me  
Set me free  
I can breathe  
Breathe  
Free  
And it takes all of me Not to scream

I was sleep walking  
Talking sleep  
Hours walking talking sheep

I can breathe  
Breathe  
Free  
And it takes all of me  
Hear me scream  
Set me free  
And it takes all of me not to scream

I feel alive  
For the first time
