

## **Fire Evacuation Procedure**

**My home has a smoke alarm on each floor and there is a fire blanket in the kitchen. Both of these are legal requirements.**

However, in the unlikely event of a fire within my home while I am caring for your children, I will follow this procedure.

- Calmly gather the children in the hallway.
- Pick up my mobile phone and my set of keys. These are always accessible.
- Leave the setting by the nearest and safest exit.
- I will walk the children to and stand at a safe distance from the house directly opposite my house on the further path.
- First I shall phone for the Fire Services.
- Next I shall phone all the children's parents and ask them to collect their children

I practice a fire drill with the children. We discuss procedures regularly to keep them fresh in the children's minds
