

My name is Nii Addo Nyanyo, am from La and a staff of Latenu Radio, La as a journalist. Am 33 years old.

My dream to learn the Ga language, to teach, spread and jealously protect it almost got shattered until someone introduced Universal Kindness Outreach (UKO) to me.

I applied through the Country Director and was called for interview. I went through their processes and later was chosen as one of the qualified applicants for sponsorship

to study the Ga Language in the University of Winneba, (College of Languages, Ajumako) Central Region of Ghana.

Now am in my first year going to second year 2023. The duration of the course is four years and all is under the scholarship of UKO.

This sponsorship program of UKO has really helped me and I thank all the sponsors. May God bless you all, Thank you.
