

Centerpro Systems UL Landing Page

UL 508A Control Panels

/ul-508a-control-panels

Keywords: UL 508A control panel manufacturer; UL 508A panel shop; custom industrial control panels.

Buyer: OEMs, contractors, integrators and plant teams that need listed panels built cleanly and repeatably.

Copy: Centerpro builds custom electrical control panels and related products with engineering support, part sourcing, turnkey manufacturing and product support. Lead with safer execution, clean documentation and practical build quality.

Quote needs: Schematics, BOMs, enclosure needs, SCCR, labels, quantities and delivery date.

CTA: Request a UL 508A Panel Quote

UL 1741 Solar Combiners

/ul-1741-solar-combiners

Keywords: UL 1741 solar combiner; 1500V DC combiner box; solar EPC combiner supplier.

Buyer: Solar EPCs, developers, contractors and renewable energy procurement teams sourcing balance-of-system equipment.

Copy: Centerpro supports UL 1741 listed 1500V DC solar combiner configurations for renewable energy projects. Lead with project-fit review, configuration support, part sourcing, labeling and repeatable manufacturing for field-ready solar work.

Quote needs: One-line, voltage/current needs, input/output counts, enclosure requirements, labels, quantities and schedule.

CTA: Request a Solar Combiner Quote

UL 891 Switchboards

/ul-891-switchboards

Keywords: UL 891 switchboard manufacturer; low voltage switchboards; power distribution switchboards.

Buyer: Contractors, facility managers, industrial plants, OEMs and infrastructure buyers managing distribution projects.

Copy: Centerpro supports UL 891 switchboard projects with low-voltage power distribution equipment, specification review, ratings coordination, submittal support, clean assembly and responsive project communication.

Quote needs: One-line, amps, voltage, fault current, enclosure, metering, labels, quantities and schedule.

CTA: Request a UL 891 Switchboard Quote

UL 1203 Hazardous Location Equipment

/ul-1203-hazardous-location-equipment

Keywords: UL 1203 hazardous location equipment; explosion-proof electrical equipment; classified-area enclosures.

Buyer: Oil and gas, petrochemical, utility, industrial, OEM and contractor buyers working in classified locations.

Copy: Centerpro supports UL 1203 hazardous location equipment projects with classified-area review, explosion-proof or dust-ignition-proof scope, documentation, markings, enclosure coordination and careful manufacturing support.

Quote needs: Class/division/group, temperature code, ratings, area classification, drawings, specs, labels and schedule.
