

Centerpro Systems | UL 1203 Listing

UL File No. E568894 | Hazardous Location Control Panels

Description

UL 1203 covers explosion-proof and dust-ignition-proof electrical equipment for hazardous classified locations. At Centerpro, this listing supports hazardous location control panel work for demanding environments where classification, enclosure selection, labeling, and documentation must be handled carefully.

Who It Serves

This listing is highly relevant for oil and gas, chemical, wastewater, grain, and industrial applications, as well as contractors, engineers, OEMs, and procurement teams working in classified environments.

How Centerpro Supports the Work

Centerpro Systems supports UL 1203 projects with careful project review, component coordination, enclosure and entry support, labeling and nameplate support, documentation support, turnkey manufacturing, and product support.

What to Send for a Quote

- Area classification details
- Drawings or schematics
- Voltage / load information
- Enclosure or environment requirements
- Quantity and delivery schedule
