

Brooke Hartman, Instructor

Brooke Hartman trained in jazz, tap, ballet, hip hop, and contemporary but her focus is in Hip Hop. As a competition dancer ages 8 to 17, she received many judges' awards, convention scholarships, and top ten placements with her solos. Altogether, Brooke has been choreographing and teaching classes for ten years, she continues her dance training by taking dance classes from professionals in L.A. and through this, has been able to make lasting connections with dancers and choreographers while improving her own skills and choreography. Although hip hop is her favorite style, she is well-versed in many styles of dance and often choreographs contemporary and jazz.
