

## Steps to Adoption

We are so grateful you chose to adopt from Saving Grace Animal Rescue & Sanctuary. By doing so, you not only saved your pets' life, but you supported our efforts to provide a safe space for so many more fur babies. We are committed to rescuing, rehabilitating, and homing animals who are in danger.

There are several steps to adopting from our rescue as we take the process seriously. We want this transition to be the animals LAST transition.

- After identifying an animal of interest, you'll complete and submit an application. The application can be found on our website: [savinggraceanimalrescueandsanctuary.com](http://savinggraceanimalrescueandsanctuary.com) or email us @ [info@savinggracerescueandsanctuary.com](mailto:info@savinggracerescueandsanctuary.com) and we can send you one.
- Once the application is received you will have a phone interview with Amanda or Brooke. If needed, a home visit is scheduled during this time.
- You will receive your approval or denial via email.
- Once you are approved, you can send your adoption fees via PayPal or Venmo. (See below) If payment is not received within 48 hours of your approval, the hold will be taken off of that animal and they will be available to others.
- After payment is received, someone will be in contact to schedule the transition if this wasn't already discussed.
- After the animal is placed with you, you will receive an email that includes information about the animal ie. vaccination, microchip, history, diet, etc.
- If you opted to adopt before an animal is fixed, we will communicate with you regarding when and where they are scheduled for surgery. We attempt to make our vet visits as affordable as possible; therefore we work with multiple vets and often times, there aren't immediate appointments available. Please be patient.

Do not hesitate reaching out if you have questions.

## ADOPTION FEES

Adoption fee for Kittens/cats: \$125-Includes, spay/neuter, flea/tick, parasite prevention, microchipping

Adoption fee for puppies/dogs: \$250-Includes spay/neuter, flea/tick/parasite prevention, microchipping

If you are adopting a special needs animal-the adoption fee varies and will be discussed independent of this form.

An application does NOT mean you are approved for the animal of your choice. Saving Grace AR&S determines if you are the correct match for the animal. You will be notified via email or text regarding the status once determined.

-Please see the Steps to Adoption Form-

Should you have additional questions or concerns please contact us by email: [info@savinggracerescueandsanctuary.com](mailto:info@savinggracerescueandsanctuary.com), or by text: 219.670.9829

Thank you for adopting from Saving Grace Animal Rescue @ Sanctuary! Because of you, we are able to save, rehabilitate and rehome more animals!

Happy Tails!  
-Amanda
