

Principles of Dementia Care Level 2

The aim of this qualification is to develop an understanding of the principles of the different types of dementia and how to support individuals through person-centred care and the importance of seeing each person with dementia as an individual with a unique set of abilities, needs and strengths.

What knowledge will be gained?

This course offers an opportunity to increase your understanding and knowledge in areas such as the factors relating to an individual's experience of dementia, person-centred care, how this can enable well-being, the influence of positive communication methods, the use of medication for individuals with dementia, the roles of others and the importance of providing appropriate activities.

How is the course assessed?

You will receive an information pack and the resource to enable you to give written responses to questions in a work booklet, either handwritten or typed depending on your preference.

What are the benefits?

- *Achieve a nationally recognised Level 2 qualification
- * Further your personal and professional development
- *Increase your knowledge and awareness
- *Gain positive working relationships
- * Learn at a time that suits you without the need to attend college

What will be studied?

The course is split into 7 units:

Unit 1: Dementia awareness

Unit 2: The person-centred approach to the care and support of individuals with dementia

Unit 3: Understand the factors that can influence communication and interaction with individuals who have dementia

Unit 4: Understand equality, diversity and inclusion in dementia care
