3. If mare is bred on site, I agree to pay all board charges and veterinary expenses that are not included within the Chute Fee before the Mare is released from War Ponies, LLC and War Ponies, LLC may breed and treat this mare however deemed appropriate to complete this agreement. I understand that the Chute Fee will cover 30 days board, rectal palpations, rectal ultrasounds, semen collections and artificial insemination for (3) cycles necessary. I am aware that all other medications and treatments will be at the Mare Owner's expense and Stallion owner is not held liable for any charges incurred while breeding my mare. In the event that this situation does occur the Mare Owner will be notified prior to rendering services.

4. Diligent effort will be made to settle each mare. However, if for any reason the mare does not settle, the Mare Owner will not hold the Stallion Owner or his representatives liable. The Mare Owner is entitled to one return breeding the following year. **The rebreed is good the following year only, providing the Stud Fee has been paid in full.**

5. The Stallion Owner does not offer a Live Foal Guarantee for any mare boarded on the Stallion Owner's premises unless the mare has been pregnancy-checked, and is found to be pregnant by the Stallion Owner's veterinarian prior to leaving the premises. **IF THE MARE LEAVES BEFORE BEING PREGNANCY CHECKED, THEN ALL UNPAID BOARD, EXPENSES, AND BREEDING FEES COME DUE AND PAYABLE. THE STALLION OWNER MUST RECEIVE CONFIRMATION OF A PREGNANCY CHECK IN WRITING WITHIN 45 (FORTY-FIVE) DAYS OF OVULATION, OR THE LIVE FOAL GUARANTEE IS VOID.**

6. If the Mare fails to produce a live foal from the breeding privilege granted by this Agreement, the Mare Owner may rebreed the Mare (or a substitute mare mutually agreed upon by the Mare Owner and the Stallion Owner) during the subsequent breeding season. The Mare Owner may not assign this breeding contract or substitute any other mare for the Mare under this Agreement, without the prior written consent of the Stallion Owner. Any attempted assignment with out the prior consent of the Stallion Owner, will, at the option of the Stallion Owner, terminate this Agreement and release the Stallion Owner from all obligations hereunder. "LIVE FOAL" means that the foal resulting from the breeding stand and nurses without assistance and lives for 24 (Twenty-four) hours. This return breeding privilege is conditioned upon the Mare Owner giving the Stallion Owner written notice within 7 (Seven) days after foaling or aborting that the Mare did not produce a live foal. This notice must be accompanied by a certificate from the attending veterinarian that no live foal was born.

7. Embryo Transfer: I understand that if performed and multiple embryos are recovered during harvesting, I will be held

accountable for the additional Stud Fee \$500, within (60) days of confirming the pregnancy in order to receive a certificate of registration for the additional foals. If a conception from a multiple embryo harvest does not produce a live foal, after the Mare Owner pays for the additional Stud Fee(s), it is the Stallion Owners discretion to refund the Stud Fee for the additional conceptus or allow it to be counted as a rebreed for the following breeding season.

I agree that the Breeding Manager may have a veterinarian check my mare for normal breeding conditions and perform such other veterinary services as Breeding Manager deems necessary at Mare Owner’s expense. Both mare’s and foal’s feet will be cared for on an as-needed basis at Mare Owner’s expense. The owner recorded on the registration papers will be recorded on the Stallion Breeding Report.

9. Mares that are not halter broke will not be accepted. Aged mares that have been barren for (3) years will not be accepted.

10. **Waiver of Liability:** Mare Owner hereby waives any responsibility of Stallion Owner, War Ponies, LLC, and their respective representatives (“Released Parties”) for accidents, sickness, or death to the mare and or foal. Mare Owner hereby agrees that Released Parties shall not be liable for any negligence or error and that Released Parties may exercise their judgment in supervising and caring for mare and foal. Mare Owner hereby agrees to obtain insurance or self-insure the value of the mare and foal, and hereby covenants not to sue Released Parties harmless from any loss related to mare and foal. WARNING: Under Mississippi law, an equine professional is not liable for any injury or the death of a participant in equine activities resulting from the inherent risks of equine activities.

11. The Stallion is bred to a full book of mares each year. This book is determined by the number of mares that the Stallion Owner anticipates being able to breed successfully during the breeding season. It is always the goal of the Stallion Owner to get the mare bred as soon as possible after her arrival to the facility. However, there may be times during the season when there are more mares in heat than can be bred on any given day. During these times the Stallion Owner must give priority to some mares over others. There are several factors that influence this decision. For example, priority is given to mares that are maintained at the facility, opposed to mares that are hauled in with a breeding follicle. The Stallion Owner will do all that is possible to minimize lost breeding cycles in mares.
