What You Purchase from an Insurance Company

Purchasing a Medigap Plan

- Fills in the gaps left over from Part A and Part B
- Follows your Medicare
- Creates a fixed cost for peace of mind

Medicare & Medigap

- Medicare is a National Plan, so coverage is universal from state to state.
- As long as your doctor accepts Medicare, your Medigap plan is considered in-network.
- You never need a referral with your Medicare and Medigap coverage.

Part C - Medicare Advantage Plan

All-inclusive

- Replaces Original Medicare
- Assigns your benefits to the insurance company
- Has to be as good or better than Original Medicare

Medicare Part D Coverage Gap (Donut Hole)

Most Medicare drug plans have a coverage gap (also called the “donut hole”). This coverage gap begins after you and your drug plan together have spent a certain amount for covered drugs.

Once you and your plan have spent the initial coverage limit (\$4,020 in 2020 and \$4,130 in 2021) you will be considered in the coverage gap—from this point, you will have to pay for your prescription costs based on the information outlined below.

Once you have spent the yearly limit (\$6,350 in 2020 and \$6,550 in 2021) you become eligible for catastrophic coverage and both your generic and brand drug purchases will be covered at 95%.

Prescription Drug Coverage Gap Benefits

YEAR	GENERIC BENEFIT	BRAND BENEFIT	BRAND DISCOUNT
2019	63%	5%	70%
2020 and after	75%	5%	70%

Medicare Part D Parameters

Deductible	\$435	\$445	+ 2.3%
Initial coverage limit	\$4,020	\$4,130	+ 2.7%
Out-of-pocket threshold	\$6,350	\$6,550	+ 3.1%
Minimum copay (catastrophic portion of benefit)			
• Generic/preferred multi-source drug	\$3.60	\$3.70	+ 2.8%
• All other drugs	\$8.95	\$9.20	+ 2.8%

How To Enroll In Medicare

Enrolling in Medicare

- Online application
- This can be accessed through [medicare.gov](https://www.medicare.gov)

If you do not wish to apply online, you can make an appointment by calling 1.800.772.1213.

People who are deaf or hard of hearing may call the SSA TTY number: 1.800.325.0778 between 7AM and 7PM on business days.

MEDICARE ENROLLMENT PERIODS

Part A and Part B - Original Medicare

Automatic Enrollment for Part A and Part B

Individuals may qualify for Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance) if one of the following applies:

- Are already getting benefits from Social Security or the Railroad Retirement Board (RRB)
- Are under 65 and have a disability
- Have ALS (Amyotrophic Lateral Sclerosis, also called Lou Gehrig's disease)

Signing Up For Part A and Part B

Individuals need to sign up for Part A and Part B if they:

- Are not getting Social Security or RRB benefits (for example, because they are still working).
- Qualify for Medicare because they have End-Stage Renal Disease (ESRD).

It is important to note that if an individual has employer group coverage, they may be able to delay Medicare Part B. For more information, please contact us at medicare@savoyassociates.com.

Initial Enrollment Period

Individuals can initially sign up for Medicare beginning three months before they turn 65, but no later than three months after their 65th birthday. This seven-month window is known as the Initial Enrollment Period. Other exceptions and enrollment periods may apply, which are ultimately determined by Medicare.

General Enrollment Period

Individuals can sign up for Part A and/or Part B during the General Enrollment Period between January 1 - March 31 each year if both of these apply:

- They didn't sign up when they were first eligible.
- They aren't eligible for a Special Enrollment Period

Coverage begins on July 1st.

Special Enrollment Periods

Once the Initial Enrollment Period ends, individuals may have the chance to sign up for Medicare during a Special Enrollment Period (SEP). If covered under a group health plan based on current employment, the enrollee has a SEP to sign up for Part A and/or Part B anytime as long as:

- They or their spouse (or family member if disabled) is working.
- They are covered by a group health plan through the employer or union based on that work.

They also have an 8-month SEP to sign up for Part A and/or Part B that starts at one of these times (whichever happens first):

- The month after the employment ends
- The month after group health plan insurance based on current employment ends

Medicare Supplement Insurance - Medigap

The best time to buy a Medigap policy is during the 6-month Medigap open enrollment period. During that time individuals can buy any Medigap policy sold in their state, regardless of their health status. This period automatically starts the month they turned 65 and enrolled in Medicare Part B (Medical Insurance). After this enrollment period, they may not be able to buy a Medigap policy or it may cost more.

Medicare Advantage Plan (Part C) or Medicare Prescription Drug Coverage (Part D)

Individuals can enroll in Medicare Advantage (Part C) or Medicare prescription drug coverage (Part D) or make changes to existing coverage:

- When they first become eligible for Medicare or when they turn 65, during their Initial Enrollment Period
- During the Open Enrollment Period each year, which runs from October 15 - December 7
- Under certain circumstances that qualify them for a Special Enrollment Period (SEP)

Annual Enrollment Period

The Open Enrollment Period for Medicare Advantage and Medicare prescription drug coverage runs from October 15 - December 7. This is when individuals can:

- Change from Original Medicare to a Medicare Advantage Plan.
- Change from a Medicare Advantage Plan back to Original Medicare.
- Switch from one Medicare Advantage Plan to another Medicare Advantage Plan.
- Switch from a Medicare Advantage Plan that doesn't offer drug coverage to a Medicare Advantage Plan that offers drug coverage.
- Switch from a Medicare Advantage Plan that offers drug coverage to a Medicare Advantage Plan that doesn't offer drug coverage.
- Join a Medicare Prescription Drug Plan.
- Switch from one Medicare drug plan to another Medicare drug plan.
- Drop your Medicare prescription drug coverage completely.

Open Enrollment Period

In 2019, a new Medicare Advantage Open Enrollment Period will run from January 1 - March 31 every year. If you're enrolled in a Medicare Advantage plan, you'll have a one-time opportunity to:

- Switch to a different Medicare Advantage plan
- Drop your Medicare Advantage plan and return to Original Medicare, Part A and Part B
- Sign up for a stand-alone Medicare Part D Prescription Drug Plan (if you return to Original Medicare). Most Medicare Advantage plans include prescription drug coverage already. Usually you can't enroll in a stand-alone Medicare Prescription Drug plan if you already have a Medicare Advantage plan, but there are some situations where you can. Call your Medicare Advantage plan if you have questions.
- Drop your stand-alone Medicare Part D Prescription Drug Plan

The new Open Enrollment Period replaces the previous Medicare Advantage Disenrollment Period.

Special Enrollment Periods (SEP)

Changes can be made to Medicare Advantage and Medicare prescription drug coverage when certain life events take place—for example when an individual moves or loses other insurance coverage. Rules about when someone can make changes and the type of changes that can be made are different for each SEP.

Medicare Advantage Trial Period (Guaranteed Issue Rights)

Are your clients considering enrolling in a Medicare Advantage Plan (Part C), but aren't sure if it is the right fit for them? Make sure they are aware that they have a 12-month "Trial Right" period to try a Medicare Advantage Plan.

If they are dissatisfied with the plan, they can disenroll at any point during the 12 months following their effective date. After disenrolling, they can rejoin Original Medicare and still have a guaranteed issue right to purchase a Medigap policy. The insurance company can't refuse to sell the beneficiary a Medigap policy regardless of their past or present health conditions.

Beneficiaries are eligible for this trial period in one of two situations:

- The beneficiary joined a Medicare Advantage Plan when first eligible for Medicare at age 65.
- The beneficiary signed up for Original Medicare with a Medigap policy, but then decided to switch to a Medicare Advantage Plan. The trial period applies only to the first time they drop a Medigap policy to switch to a Medicare Advantage Plan. There are certain limitations on the type of Medigap policy one can get when returning to Original Medicare.

There are several ways to disenroll from a Medicare Advantage Plan, including calling 1-800-MEDICARE or contacting the plan directly.

If your client stays on the Medicare Advantage Plan past the 12-month trial period, they can switch to Original Medicare during the fall Annual Election Period (AEP) or the January Open Enrollment Period (OEP). However, insurance companies offering Medigap policies in most states can charge more, delay or deny coverage.

Guaranteed issue rights vary state-by-state. To learn about Medigap rights in a specific state:

- Call your State Health Insurance Assistance Program to make sure that you qualify for these guaranteed issue rights:
- Call your State Insurance Department if you're denied Medigap coverage in any of these situations. State contact information: *medicare.gov/Contacts*

How is income counted?

Applicants must report all of their income as requested on the Extra Help application, but some income may not be counted by SSA when determining eligibility.

- **Unearned income:** Unearned income must be reported on a monthly basis before any deductions are taken out (such as the Medicare Part B premium, child support, etc). When determining Extra Help eligibility, SSA will not count the first \$20/month of unearned income.
- **Earned income:** Earned income must be reported on a yearly basis with the consumer projecting the gross amount (before taxes or deductions are taken out) they expect to earn that year. If earnings fluctuate during the year, figure the average monthly income and multiply by it by twelve to project the yearly amount. When determining eligibility, SSA will only count approximately half of the reported projected earnings.

How are resources counted?

SSA asks for information about certain resources owned by an applicant/her spouse on the Extra Help application. Even if a resource is counted, the entire value of the resource may not be counted when determining eligibility for Extra Help.

- **SSA will count:**
 - Any real estate or property that is not the person's primary residence
 - Liquid resources (i.e., stocks, bonds, IRAs, CDs, 401ks, annuities) unless an applicant can show that a particular liquid resource cannot be converted to cash within 20 days.
- **SSA will not count:**
 - An applicant's primary residence, motor vehicles, life insurance, burial plots/spaces, and irrevocable burial accounts.
 - \$1,500 of resources for the applicant (and \$1,500 for her spouse) unless the individual states on the application that he/she does not plan to use resources to pay for funeral or burial expenses.

How to apply:

Complete Social Security's Application for Extra Help with Medicare Prescription Drug Plan Costs (SSA-1020) in one of the following ones:

- Apply online at: ssa.gov/medicare/prescriptionhelp/
- Call Social Security at: 1-800-772-1213 (TTY 1-800-325-0778) to apply over the phone or to request an application
- Apply at your local Social Security office

After you apply, Social Security will review your application and send a letter to you to let you know if you qualify for Extra Help.

Hi,

My name is _____ and I'm calling you from Savoy (or your own agency name) regarding your Medicare Benefits. I'm holding a card that you filled out requesting information about your Medicare, and I was hoping to provide you with some extra help.

First, can I ask if you have Parts A and B for Medicare?

(Most of the time the answer is yes)

Ok, great. Do you use another card when you go to the doctors besides your red, white and blue Medicare card?

IF YES

Which card do you use? An employer plan? Horizon? AARP? Etc.

IF THEY ARE NOT SURE

Do you pay copays when going to the doctor or do you get a bill in the mail from doctors?

(if they pay a copay that means they have some type of plan and probably pay monthly for it, and we can offer them a health plan very similar to what they have with extra benefits)

Are you currently receiving any extra help? i.e., NJPAAD (New Jersey Prescription Assistance)? Do you have Medicaid?

(The previous three questions determine whether they qualify for a Special Election Period.)

IF NONE OF THESE APPLY

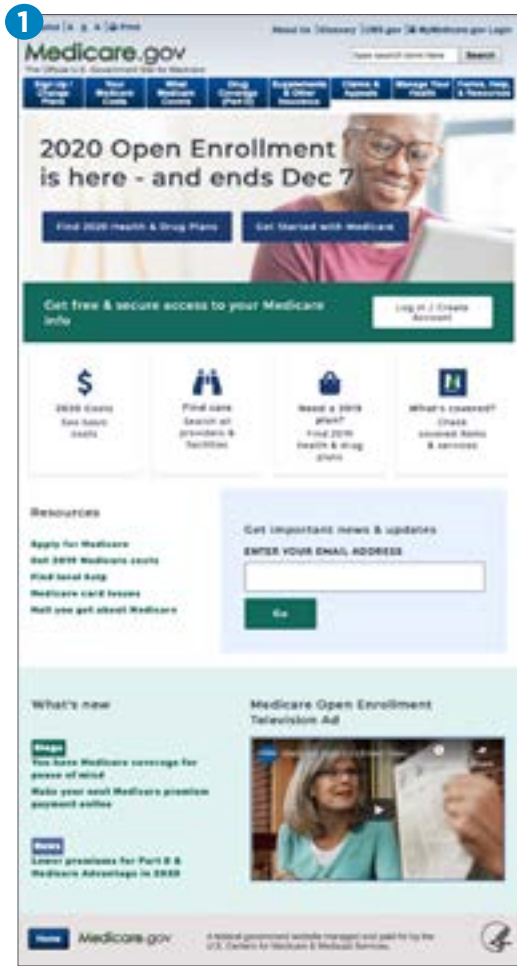

Can we call you back in October for the Annual Enrollment Period?

IF THEY ANSWER YES TO ANY OF THE ABOVE

Great, than you definitely qualify for extra help. I can have a representative out to see you on DATE/TIME (or if you are making your own phone calls, you can set up the appointment for yourself).

Okay, again I will have a representative to see you (DATE/TIME). Thank you for your time.

Welcome!

The Medicare Prescription Drug program gives you a choice of prescription plans that offer various types of coverage.

You may be able to get extra help to pay for the monthly premiums, annual deductibles, and co-payments related to the Medicare Prescription Drug program. However, you must be enrolled in a Medicare Prescription Drug plan to get this extra help.

What is This Application?

This is an application for Extra help and does not enroll you in a Medicare prescription drug plan. You will have to enroll directly with an approved Medicare prescription drug provider for coverage. If you need information about Medicare Prescription Drug plans or how to enroll in a plan, call 1-800-MEDICARE (TTY 1-877-488-2144) or visit www.medicare.gov.

Who Should Complete This Application For Extra Help With Medicare Prescription Drug Plan Costs?

You should complete this application for Extra help on the Internet if:

- Your combined savings, investments, and real estate are not worth more than \$27,000, if you are married and living with your spouse, or \$13,500 if you are not currently married or not living with your spouse. (Do NOT count your home, vehicles, personal possessions, life insurance, burial plots, irrevocable burial contracts or bank payments from Social Security or SSI.) If you have more than those amounts, you may not qualify for the extra help. However, you can still enroll in an approved Medicare prescription drug plan for coverage.

EXCEPTION: Even if you meet these conditions, DO NOT complete this application if you have Medicare and Supplemental Security Income (SSI) or Medicare and Medicaid because you automatically will get the extra help.
