FOR OWNER RETAINING SALVAGE VEHICLE:

The Department of Motor Vehicles has been notified that you have retained your salvage vehicle following a total loss settlement with your insurance company. You must apply for a salvage certificate and surrender the license plates assigned to the vehicle, within ten (10) days of the settlement of the loss. If this vehicle is rebuilt and operated on the highway, it must be in safe mechanical condition. Before the vehicle can be reregistered, a vehicle identification number inspection, a brake certificate and a light adjustment certificate will be required. A \$2 fee will also be collected to record salvage information on the vehicle record. Future titles and registration documents will show that this vehicle was "Salvaged." You should inform any potential purchaser of this fact.

FOR OWNER RETAINING NONREPAIRABLE VEHICLE:

The Department of Motor Vehicles has been notified that you have retained your nonrepairable vehicle following a total loss settlement with your insurance company. You must apply for a nonrepairable vehicle certificate and surrender the license plates assigned to the vehicle, within ten (10) days of the settlement of the loss. A vehicle declared nonrepairable may not be titled or registered for use on the roads or highways of California (CVC 11515.2).
