The Mission Valley Hunt Club (MVH) has been sharing the traditions of responsible mounted hunting, horsemanship, conservation, and camaraderie in the Kansas City area since 1927 — and we'd love to share it with you.

Ride with the hounds as they follow the scent - just horsemanship, hounds, and the thrill of the chase - no firearms. Come observe the hunt. Meet the hounds. Meet our members. Find your place in the field.

Experience a **tradition** that has been bringing riders, hunters, social and out of town members together for generations.

## **There's a place for you at MVH!**
