

TORNORx

PHARMACIES LLC

Connecting Patients to Better Care.

HOW TORNORx MANAGES PHARMACY FOR CLINICS

TornoRx provides a complete pharmacy solution for clinics without the cost, complexity, or risk of operating your own pharmacy. Here's how our process works:

TORNORx RESPONSIBILITIES

1

CONFIRM FORMULARY

TornoRx confirms desired Rx formulary that the Physician/Clinic would like to utilize within the kiosk.

2

PHARMACIST REVIEW

Prescriptions are verified and filled by a licensed TornoRx Pharmacist and delivered and stock in the TornoRx supported kiosk.

PHYSICIAN/CLINIC RESPONSIBILITIES

3

PRESCRIBE

The provider evaluates the patient and sends the prescription electronically to TornoRx.

4

PATIENT IS DIRECTED TO THE KIOSK

The Clinic directs the patient to the kiosk where they can access their Rx with the support from TornoRx.

5

PATIENT INTERACTS WITH KIOSK

The Patient navigates the user-friendly kiosk portal and chooses their prescribed Rx.

6

PHARMACIST CONSULTATION

The patient connects with a TornoRx pharmacist via secure video for counseling and medication review.

7

MEDICATION DISPENSED

After verification, the kiosk securely dispenses the patient's medication.

8

PAYMENT IS COLLECTED

Patient pays for Rx via payment processing managed by TornoRx.
