

Soulful Legal Services, Inc.

Providing legal drafting and e-filing services for family law mediation practices.

Soulful Legal Services provides legal drafting and e-filing services for family law mediation practices. We draft legal documents on behalf of your mediation clients in a **Limited Scope capacity, where we do not represent either client**, enabling us to draft neutral legal documents in accordance with, and honoring, the terms and spirit of the final signed Memorandum of Understanding (MOU).

Our team of attorneys will draft all necessary legal documents for your mediation clients as pro-se litigants, e-file with the court, and secure the one and only prove-up court date, or enter via affidavit, to legally dissolve the bonds of matrimony and enter all mediated agreements into court orders.

We provide your clients with:

- A streamlined process with flat fees to manage all expectations regarding cost and time.
- A “*Legal Document Review Zoom*” to review the main legal documents to ensure they accurately reflect the MOU, and to ensure clients feel comfortable to attend the prove-up hearing with confidence & ease.
- Information to help prepare for the prove-up hearing so they are comfortable and not overwhelmed by the experience.
- Helpful post divorce “to dos” to help set them up for success in their new life experience.
