

FINDING HOPE, BUILDING COMMUNITY, EXPANDING KNOWLEDGE

Supporting the Journey for Gender Expansive
Youth & Their Families

October 2 & 3, 2020 in Baltimore

Radisson Hotel Baltimore Downtown Inner Harbor

www.GenderJourneyMidAtlantic.org

Friday, October 2: Professional Day

Our professional symposium provides you with the tools, competencies, and best practices to expand your ability to meet the needs of transgender and gender expansive youth, adults and their loved ones.

Saturday, October 3: Family Day

For families whose children are exploring gender, the journey can feel overwhelming, confusing, and lonely. Here transgender and gender expansive youth, their families, and their loved ones come together for support, learning and community.

Programming for Children and Youth

Kids' Camp: Elementary School Children

This will be a day full of games, arts and crafts, and play. The children will participate in a variety of fun, engaging activities in a warm and welcoming environment to express their full selves. Children will have a morning and afternoon snack provided. We look forward to having you there!

Middle School Youth

Have fun in an environment where everyone feels welcome and free to be themselves. We promote individuality and community. We care about promoting pride in who we are and creating a space where we can express ourselves.

High School Youth and Post High School, Transition Age Youth

A safe and supportive space to learn, meet one another, and have fun. We are creating an environment for all teens and young adults to just be themselves, without judgement. You are invited to participate in workshops and panels to increase understanding of gender, to learn about where you might be on the spectrum and carve out your own path to get to where you want to be.
