PIVOT DRIVE

PEDAL POWER, RE-IMAGINED

Alone among pedal kayaks, the PIVOT Drive bypasses the deck floor hole to put propulsion AND steering on the transom. This results in functionality and performance that stands apart, providing distinct benefits to you on the water that other pedal kayaks can't touch.

WHAT MAKES PIVOT DRIVE GREAT:

- Completely modular design
- No Hole in your Deck Floor
- Propulsion AND Steering off the transom
- Silent & Stealthy Operation - No Gears or Grinding
- Superior Maneuverability & Position Control
- Configure for Solo or Tandem Use
- Easily convert to Power or Paddle with QuickConnect
- Proven & reliable

PIVOT DRIVE FEATURES:

- 100% Modular
- Cruising Speed 3-3.5mph
- Optimal at 55-65 RPM
- Forward & Reverse
- Kick-Up Release on Prop Shaft
- Rotating Pedal Tower
- Retract from your Seat
- Utilizes QuickConnect System

NuCanoe EPS

ELECTRIC PROPULSION, SIMPLIFIED.

Imagine a perfect day on the water.
Going where you want to go. Getting there effortlessly. Making the most of every moment and every opportunity. Completely focused on what you want to do. Enjoying every minute of it.
This is Electric Propulsion Simplified. This is NuCanoe EPS.

WHAT MAKES EPS GREAT:

- Super Simple Plug & Play Setup
- Safe in Shallow/Obstructed Water
- Superior Turning Radius
- Precise Position Control
- Effortless Operation
- Setup Solo or Tandem
- Able to swap out for Rudder or Pedal Drive
- Quick & Easy to Put on & Take Off

NuCanoe EPS FEATURES:

- 1.8HP Newport NK-180 Motor
- 22 Mile Range @ 60% power
- Cruising Speed 4-5mph
- Forward & Reverse
- Kick-Up Release Motor Shaft
- Foot OR Hand Steering
- Sneaky Quiet
- Efficient 24V System
