

BE YOUR OWN BANK MOVEMENT

The Largest Economic Empowerment Movement in the History of Mankind!!

Welcome to **BYOB MOVEMENT WORLDWIDE CONSULTING LLC**. First take a moment to congratulate yourself on this life changing decision.

We want to first tell you how much we respect you, because so many people talk about how they want to improve their lives, but few people take action.

This is going to be a great journey for us both. Our movement is committed to helping ordinary people earn extraordinary incomes, now it's your turn! This is a chance of a lifetime, take it and run with it.

Founded in 2018, BYOB Movement Worldwide was created to assist individuals in understanding their full potential of their personal economic empowerment. Our goal is to assist you in learning what multiple streams of income are and what wealth is! Learn to make the money & how to keep it!

The founders have established careers in Corporate America & have financial backgrounds; Gerald D Rogers (investment banking, mortgage banking & lending) & Tasha M Dyer, US Army Major Retired (MS Leadership, MBA Logistics & Human Resource Management, DSL (Demonstrated Senior Logistician) & prior licensed financial advisor). They understood there had to be a better way to not only create their own financial destinies but to assist others along the way. Thus, the Be Your Own Bank Movement was created.

Your journey to wealth will begin with learning how to create your own value. Learning how to develop a true platform of multiple streams of income and shifting your legacy financially.

We are going to equip you with as many high-quality tools and hands on training. You'll begin by learning the skillset of trading with the option to build a business by simply doing what you've always done.... sharing great information with your family and friends.

This enhanced version of our Quick Start game plan has been designed to shorten your learning curve while accelerating your success. Since launching this system, BYOB has accelerated to becoming a worldwide movement. Additionally, Gerald D Rogers is the spokesperson for the Vibrata, the primary tool we utilize & Tasha M Dyer created a copywritten strategy called the BYOB Cashout that is housed in the Vibrata. They also co-authored the book Be Your Own Bank Hidden in Plain Sight (available on all outlets).

Although the beginning steps seem simple, don't misjudge their power. If you follow them, not only will you change the financial protectory of your family but also of the people you care about.

With so much here, you're probably saying, "Where do I begin?" While it's certainly up to you to decide how you want to approach this program to maximize your results, we recommend the following outlined in this package. The path to success has

Remember, I don't know what SUCCESS looks like for you.... But I know you deserve it!!

Let's get started!!

US Army Retired; Senior Financial Manager for US Army

As a Senior Financial Manager for the US Army, on several occasions I have served in the capacity as the US Liaison for conducting US/Foreign Currency transactions (The BANKER). I believe the BYOB Movement has unselfishly put together a force that is financially impacting. With the expansion of Kingdom Currency many lives are going to be financially changed worldwide!

Dr Lonnie Reid

2003 Induction into the Ohio Science, Technology & Industry Hall of Fame; 2016 NASA Hall of Fame Inductee

My career at NASA was great, but it didn't prepare me for opportunity I have today in terms of financial success. BYOB's Kingdom Currency is a vital ingenious component in the greatest wealth building movement of my lifetime! All people need is an opportunity and this is the greatest I've had in my lifetime. This movement will change your life and the lives of people you know. It means everything to me to have an opportunity to impact the lives of so many people.
