

When you encounter any law enforcement: Demand to see their credentials -- not their badge, their COMMISSION, which includes their name and photo, and then demand they lower their mask so you can match them to their photo.

Otherwise, do not accept that they are law enforcement and do not comply. If they cannot fully identify, you are not obligated to accept their word on face value. That's why EVERY federal law enforcement officer is issued credentials with their name and photo.

DEMAND THAT THEY SHOW YOU THEIR PAPERS!

**Cuando se encuentre con un agente del orden público:
Exija que le muestre sus credenciales, no su placa, sino
su COMISIÓN, que incluye su nombre y foto, y luego
exija que se baje la mascarilla para que pueda
compararla con su foto.**

**De lo contrario, no acepte que son agentes del orden
público y no cumpla. Si no pueden identificarse
plenamente, no está obligado a aceptar su palabra al
pie de la letra. Por eso, a todos los agentes del orden
público federales se les emiten credenciales con su
nombre y foto.**

**¡EXIJA QUE LE MUESTREN SUS PAPELES!
