

StomaToGo Parts

StomaToGo Base

1. Two Versions – Full & Basic
2. Basic meant primarily for home use, does not have Shield Holder or Rest Platform
3. Flat front to face your torso
4. Hooks to hold items
5. Belt/Strap Holders
6. Full has shield holder posts for transport
7. Full has post to hold Rest Platform & Shield Holder
8. Has feet to hold Bag Holder

StomaToGo Bag Holder

1. Holds waste bag (most 4 gallon garbage bags fit)
2. Fits within the Base and rests on the Base feet
3. Has flat front to match the Base facing the torso
4. Has post to help position it in the Base and remove it when done

StomaToGo Stabilizer Bar

1. Fits onto the Base using the Stabilizer Bar posts
2. Helps hold the Base in place when weight is added to waste bag
3. Can be removed if necessary
4. Moves up for transport and has bars to catch the belt/strap

StomaToGo Rest Platform

1. Fits onto the Base post
2. Used to hold ostomy appliance or other items
3. Can be positioned to front, back, or either side

StomaToGo Shield Holder

1. Fits into the Base post
2. Has hook to hold stoma bag or other items
3. Has pointed hook to hold another bag which acts as a visual shield
