Trees 1 and 2

Tree 3

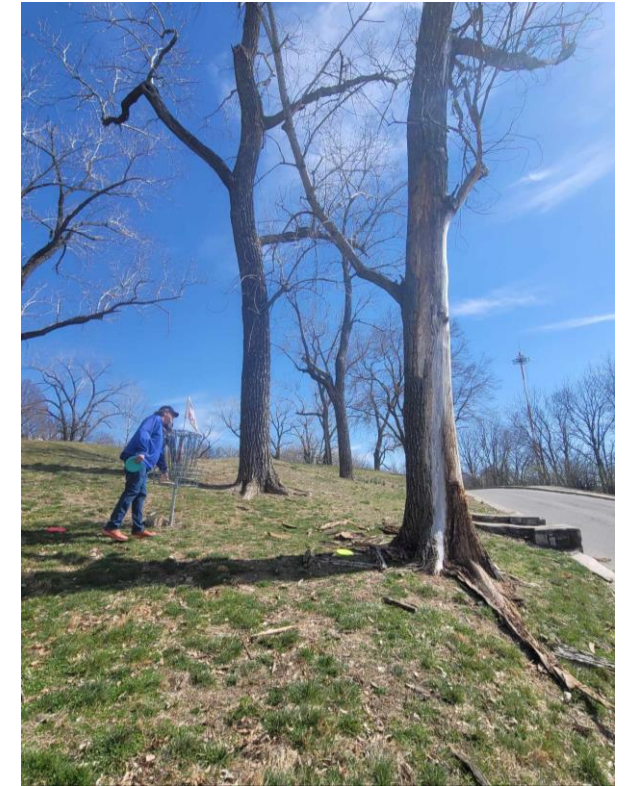

# Hole 16

- Tree 1 Decision from 15
- Tree 2 Removed
- Tree 3 Trim

Tree 2

Tree 2 and 3

# Hole 17

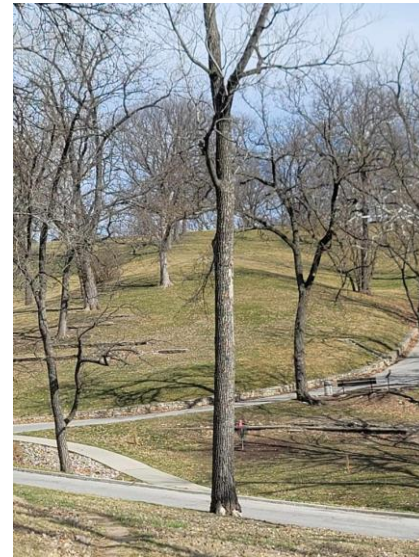

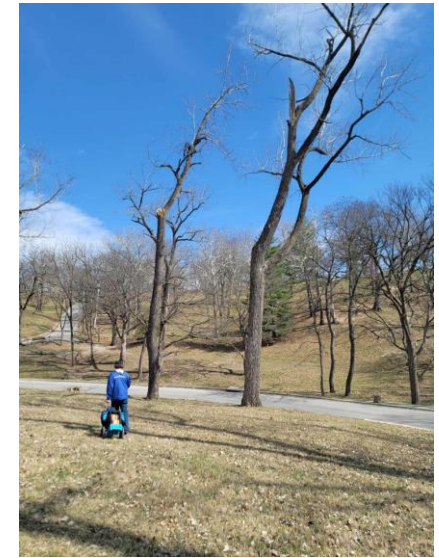

- Tree 1 Removed
- Trees 2-4 Removed
- Tree 5 Removed
- Tree 6 Trim

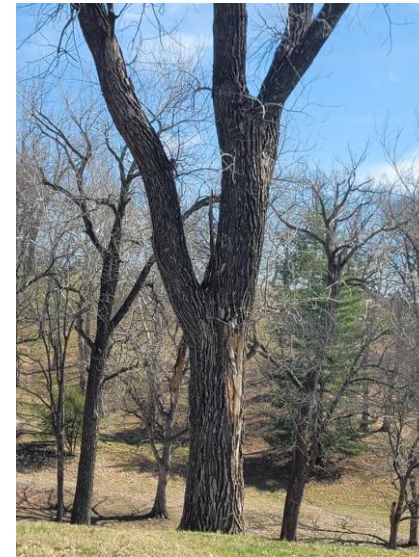

Tree 1

Trees 2-4

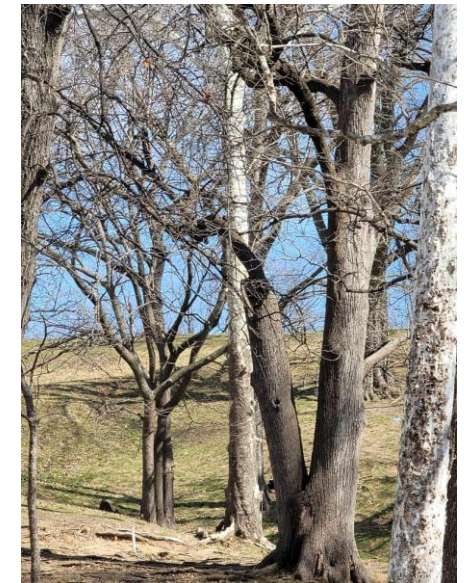

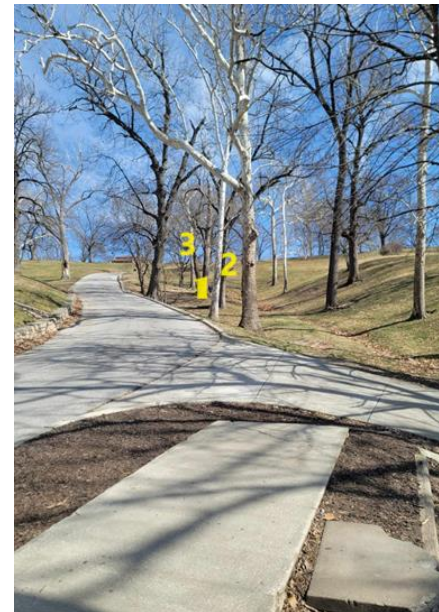

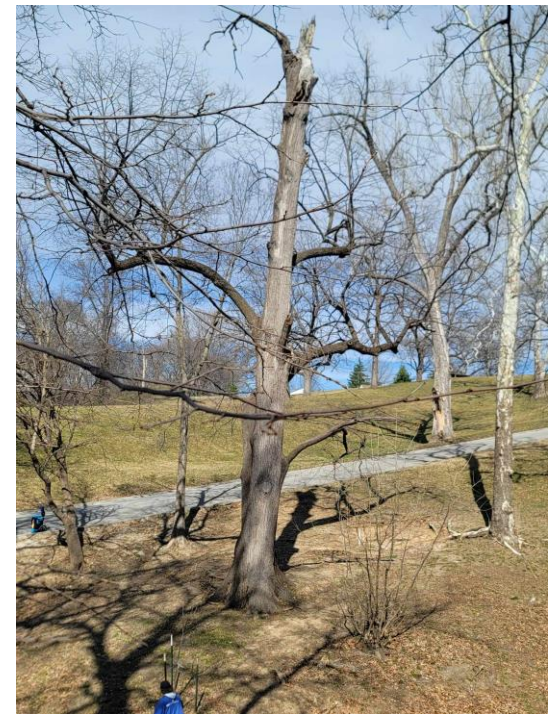

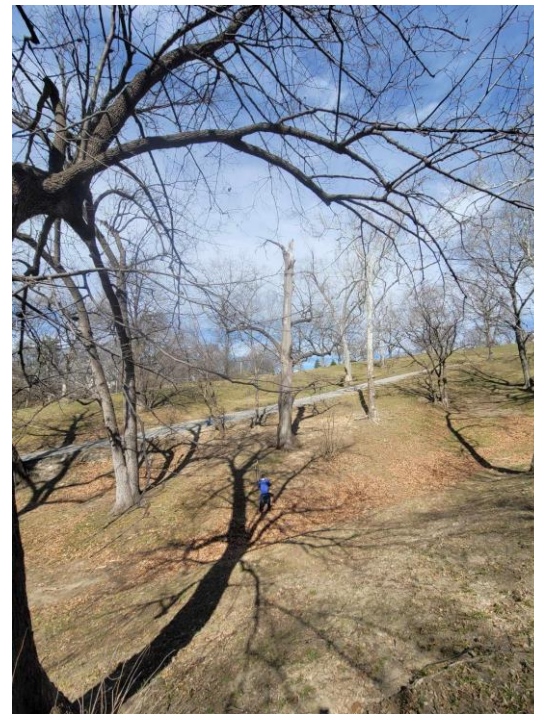

Trees 2-4

Tree 5 (also on Hole 14)

# Hole 18

- Tree 1 Removed, already lightning damage
- Tree 2 need decision
- Tree 3 Trim (not pictured)

# Conclusion

- With over 40 trees in need of removal, also need replacement of trees
- Trimmed trees will help ecosystem, and thwart disease
- Discarded tree mulch can be repurposed around the park
- The Disc Golf organization would love to learn how to improve park conditions for growth within the park as many trees have reached their mature declination
- Any questions or support needed please reach out to Jack Lowe 913.485.5123 or [jlowekc@att.net](mailto:jlowekc@att.net)
