THROUGH THE JOY ACTIVITY,

girls explore facets of themselves, exposing gifts and talents they may not know they possess.

THROUGH THE TRUST ACTIVITY,

girls, isolated from their teammates, are given a task. Then through self-confidence building and non-verbal communication, the team must create a saleable item.

THROUGH THE BALANCE ACTIVITY,

teams of girls must use their individual gifts and talents to solve the riddles that hold the key to bursting free from the age-appropriate Escape Rooms.

THROUGH THE LOVE ACTIVITY,

interaction helps girls learn social skills through conversations helping them deal with everyday tween situations.

THROUGH THE HONOR ACTIVITY,

girls may be surprised to find out just how valuable they are to themselves and to others through a variety of games.

THROUGH THE CONVICTION ACTIVITY,

girls spawn a vision of their future (whatever that means to each of them) and each creates a visual piece, helping her to follow through with her goals.

THROUGH THE CHANGE ACTIVITY,

girls will be introduced to twenty women who will join them for lunch. Their challenge is to figure out what careers these women have chosen for themselves without asking questions.
