MINIMUM 400'

**\*\*County permit application must also be included with this application\*\***

### TERMS AND CONDITIONS

By applying for the Dust Control service, the applicant agrees to adhere to the following terms and conditions set forth by the county and the CIDC:

**1-Application Deadline:** All applications must be submitted by April 10rd, 2024, to ensure the county has adequate time for road preparation before the first application. Late submissions will be scheduled for the second round of service without exceptions.

**THIS DOES NOT MEAN POST MARKED!!!! IF IT ENDS UP AT PO BOX AFTER CUTOFF, WE CANNOT ADD YOU, SO GET IT IN EARLY YOU WILL BE ABLE TO GET IN ON 2<sup>ND</sup> ROUND, IF SIGNED UP BY 2<sup>ND</sup> CUTOFF (IF YOU ARE LATE AND APPROVED IT'S A \$25 FEE.**

**2-Flagging Responsibilities:** Applicants are responsible for maintaining red flags at the outer limits of the treatment area throughout the season. Red flags, available at the County Engineer's office or maintenance sheds, must be always visible to avoid grading. If grass has grown around flags and cannot be see, engineer has right to blade. It also affects the point where spraying starts and stops. If CIDC cannot see flags when spraying, we will use best determination where to start spraying the applicable feet and will not respray additional areas.

**3-Measurement and Adjustment:** The applicant is responsible for accurately measuring the application area. CIDC reserves the right to remeasure and adjust the treatment area as necessary. Trucks equipped with computerized measuring equipment will verify distances; inaccurately placed flags may affect the measured distance.

**4-Product Efficacy:** The dust control product is designed for effective dust suppression. However, CIDC does not guarantee performance due to varying factors such as weather conditions, surface preparation, heavy traffic, or county blading activities.

**5-Service Agreement:** This agreement covers two applications of the dust control product, with application dates depending on county scheduling. Initial application is expected late May/early June, followed by a second application at the end of July/early August. Dates are subject to weather conditions.

**6-Post-Treatment Maintenance:** Roads within the treated area will be bladed after October 1, 2024.

**TEAR OFF AND SUBMIT WITH PAYMENT**

(Contractor Name) (Contractor Address)

Material to be used:	Calcium Chloride	Lignin Sulfonate	Magnesium Chloride
----------------------	------------------	------------------	--------------------

**CONDITIONS OF PERMIT:**

The application and maintenance of chemicals on crushed rock surfaced roads to control dust shall be by permit only, and in accordance with the below Grundy County Fugitive Dust Control Policy and the applicant agrees to the following conditions:

1. Dust control chemicals may be applied by an approved contractor and/or landowner.
2. Materials approved for use on the roads include calcium chloride, and lignin sulfonate.
3. The landowner shall be responsible for maintaining potholes and rough spots in areas applied with dust control chemicals. Should grading or blading of any dust control treated roadway become necessary by the opinion of the County due to unsafe roadway surface or weather related conditions, such grading or blading will be done by the County without notice and no refund of application costs or retreatment of surface will be made.
4. County Engineer's Office (319/824-6912) shall be notified 5 working days in advance of applying a dust control agent, so the roadway may be properly shaped.
5. Grundy County will not assume responsibility for any dust control service.
6. Grundy County will blade through dust control areas during the month of October to prepare road for winter, without notice to landowner.
