

Mission:
To protect, promote & improve the health
of all people in Florida through integrated
state, county & community efforts.

Ron
DeSantis
Governor

Vision: To be the Healthiest State in the Nation

Date: _____

Permit #: _____

Facility Name: _____

Address: _____

At a recent inspection of the above swimming pool(s) and/or spa(s), a representative of the Environmental Health and Preparedness Division of the Pinellas County Health Department found the equipment enclosures, pump room, and/or the entrance gates locked. To ensure public health and safety of the pool, inspectors must be able to gain access to these facilities in order to complete the required, unannounced inspections. Please contact Environmental Health to arrange that the Department will obtain a key or receive assistance at arrival to unlock these areas. Keys held in our possession show the pool number only and stay in a secure area when not in use.

You may tape the necessary key to this letter and return to the address below.

Sincerely,

Environmental Specialist
