Twitty & Lynn Bring Classic Country Music to The Legacy Theater

Joy Swearingen

J-P Correspondent

The country music tribute show, Twitty and Lynn, will return to the stage of The Legacy Theater at 7 p.m. Saturday, June 22.

The Twitty & Lynn show gives country music fans the chance to look back in time. Tre Twitty is the grandson of Conway Twitty, and Tayla Lynn is the granddaughter of Loretta Lynn. Tre and Tayla's show has recreated the unique chemistry of their grandparents.

It is a loving tribute to singers they refer to as "Poppy" and "Memaw."

"I think of us as the ambassadors of the Twitty and Lynn names. We're just the new version of what they've already established," Tre said. "But we also want to be caretakers of the past."

Before her death in 2022, Country Music Hall of Famer Loretta Lynn helped her granddaughter Tayla and Tre Twitty with their show that brings back the look and sound of the original duo.

"Memaw just loved (the show). It brought up so many memories of Conway for her and took her back to a place in her life when they were building their careers," Tayla said.

Tayla has been singing since she was a child. She first heard Tre sing at Loretta's ranch, when he was doing a tribute "Remembering Conway." They began singing together in 2018 and debuted at The Grand Ole Opry in 2022.

Tire Disposal for Colchester Residents

The City of Colchester will sponsor a "tire roundup" for Colchester residents June 24 & 25. Please bring your used tires to city hall during business hours, leaving them at the brown shed, adjacent to the south ball field. Vehicle and small truck tires will be accepted-no semi or large tractor tires. This is a free service to the residents of Colchester and a way to get rid of all those old tires. Following the pickup, ordinance violations will be issued.

MDH SPORTS MEDICINE AND REHABILITATION

Our Focus is Function.

Physical Therapy

MDH Physical Therapy provides skilled services for patients of all ages. We individualize each program based on your specific needs and strive to restore and enhance physical function by relieving pain, improving the body's strength, endurance and range of motion.

NO MATTER WHAT SPORT, NO MATTER THE INJURY

Cardiac Rehabilitation

MDH Cardiac Rehabilitation provides a program of exercise and education to help people gain strength and endurance following open heart surgery, heart attack, stent placement or other heart conditions.

Industrial Rehabilitation

MDH Industrial Rehabilitation offers specialized services to address the needs associated with work-related activities and injuries. We work to prevent work-related injuries and return the injured worker to productive employment as soon as possible.

Occupational Therapy

MDH Occupational Therapists evaluate and treat patients of all ages with health problems resulting from illness or injury, including multiple sclerosis, stroke, arthritis, spinal cord injuries, broken bones, joint replacement, and developmental disabilities.

Pulmonary Rehabilitation

MDH Pulmonary Rehabilitation offers people with obstructive or restrictive pulmonary disease a rehabilitation program combining education, exercise and functional activities. The goals are to improve aerobic conditioning, increase strength, establish good breathing techniques and improve your function in everyday activities.

Sports Medicine

MDH Sports Medicine, including athletic training, deals with the treatment and preventative care of athletes and anyone who participates in leisure sports. We aim to increase range of motion, control pain, increase strength and return the patient to their prior level of activity.

We also offer high school and junior high school coverage for injury evaluations, strength and conditioning, sports rehabilitation, bracing and exercise testing.

Speech-Language Pathology

MDH Speech-Language Pathologists work with people of all ages to evaluate and treat speech, language, cognitive, swallowing and feeding difficulties. The goal is to develop their abilities to communicate, eat, drink and think in order to function in their everyday lives.

STRANGE BUT TRUE

By Lucie Winborne

* "Witch windows," or diagonal windows, exist almost exclusively in Vermont. Their moniker comes from the superstition that witches can't maneuver their broomsticks through slanted windows.

* More than 70 species of mushrooms glow in the dark.

* A 67-year-old woman named Dorothy Fletcher had a heart attack on a plane. When the stewardess asked if a doctor was on board, luck was on Dorothy's side: Fifteen people on their way to a cardiology conference stood up! Dorothy survived.

* A killer fog that swathed London in 1952 and left as many as 12,000 people dead led to Parliament's passing the first Clean Air Act in 1956.

* "Percussive maintenance" is the technical term for hitting something until it works.

* Richard Anthony Jones spent 17 years in jail on a robbery charge until talk by some of his fellow inmates revealed he had a doppelganger with the same first name in the same jail. This second Jones was actually the guilty party.

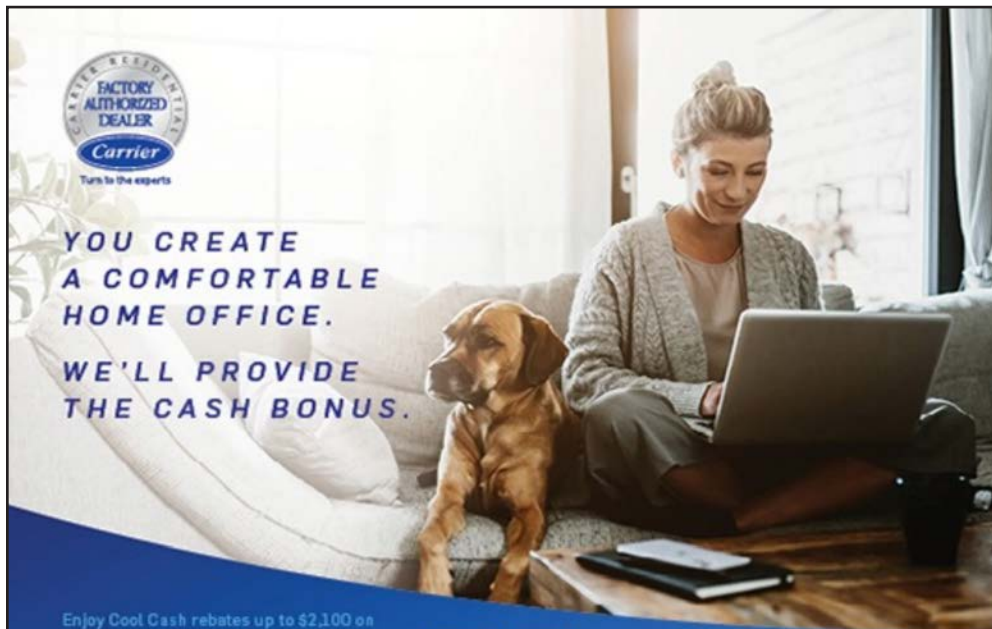

* Before his acting career took off, Harrison Ford worked as a roadie for The Doors. That gig proved so intense that he humorously claimed he was "one step away from joining a Jesuit monastery" after it ended.

* Black cats are considered to bring good luck in Japan.

* While doing research for the film "Castaway," William Broyles Jr. isolated himself on a beach for a week to immerse himself in the survival experience, which lent authenticity to the screenplay.

Thought for the Day: "By seeing each day and each situation as a kind of training exercise, the stakes suddenly become a lot lower. The way you interpret your own mistakes and the mistakes of others is suddenly a lot more generous." -- Ryan Holiday
