Western Illinois
University

MACOMB/MOLINE, IL - This fall, Western Illinois University students will have the opportunity to attend career and internship fairs provided by the WIU Career Center and various academic departments. These fairs are free and offer valuable opportunities for students and alumni seeking information about local and regional organizations.

"The interactions that take place at career fairs are incredibly valuable for both students and employers, allowing them to learn about each other and what possibilities exist," said Executive Director of Career Center and Quad Cities Outreach Audrey Adamson. "Offering more specific events based on industries and interests provides space for targeted recruiting and job searching, to better meet all participants' needs."

This year, the fairs are more focused on specific majors based on community needs and opportunities. Students can connect with employers and outside organizations to build professional relationships and explore potential career or internship opportunities.

ISP Reminds Motorists To Stay Alert As Children Head Back To School

Stay Alert. Be Aware. Know The Laws.

SPRINGFIELD - The Illinois State Police (ISP) is reminding the public about the importance of focusing on roadway safety as children across the state prepare to head back to school, especially laws specific to the safety of children in school zones and while boarding buses.

Back-to-School season means an increase in pedestrians and bicyclists in traffic during morning and afternoon commutes. Not only are children walking to school and bus stops, they are also riding bicycles and crossing the street. While crosswalks are designed for

pedestrians to cross the road safely, children sometimes walk in-between cars in an unsafe manner, not understanding the potential consequences of their actions.

Motorists are reminded to be alert while driving through streets with parked cars that may conceal a child. Unless otherwise posted, pedestrians have the right-of-way at crosswalks. Parents and caregivers should also educate their children on proper crosswalk procedures and the importance of not running in between parked cars. Knowledgeable pedestrians and motorists can prevent tragedies.

As parents and caregivers drop off their children before school and pick them up after school, there will also be an increase in vehicle traffic during the morning and evening commutes. Extra travel time should be planned to allow for the increase in traffic.

ISP reminds motorists to be extremely vigilant in school zones and obey posted speed limits. Posted school zones have a speed limit of 20 miles per hour and are in effect from 7 a.m. to 4 p.m. on school days when children are present. Driving while talking or texting on a hand-held cellular device is strictly pro-

hibited and fines are increased within a school zone.

Motorists approaching a stopped school bus with lights activated and sign extended must stop their vehicle before reaching the school bus. When a school bus stops on a two-lane roadway and uses its visual signals, vehicles in both directions must stop until the school bus begins motion again and the visual signals are disengaged. When the school bus stops and uses its visual signals on a one-way roadway, regardless of the number of lanes of traffic, all traffic must stop until the school bus begins motion again and the visual signals are disengaged. When the school bus stops on a four or more-lane roadway with at least two lanes of traffic traveling in the opposite direction, only those lanes of traffic traveling in the same direction as the school bus must stop.

A first-time violation for failing to stop for a school bus unloading/loading while their lights are activated and stop arm extended can result in a mandatory \$300 fine and a three-month suspension of driving privileges. For additional information concerning the safe interaction with school buses in traffic, visit

the ISP website Traffic Safety Brochures page, where you can find the School Bus Safety Brochure.

School Zone laws are meant to keep the public safe, but compliance with these laws is what really keeps children safe. Remember to slow down, be aware of pedestrians, and use caution when traveling in School Zones or near school buses. If we follow the rules and make good choices, everyone can arrive alive.

STRANGE BUT TRUE

By Lucie Winborne

* When African American soldiers began enlisting in the Civil War, they were paid \$10, while white troops earned \$13, and were also charged a monthly fee for their uniforms. In protest, they refused to accept their pay at all for 18 months, though they continued to fight.

* Throughout the average sofa's life, it will hold roughly 782 visitors.

* While it was believed for a long time that ancient Greek sculptures made of white marble were originally colorless, scientific studies confirmed the theory that they were actually painted in a wide range of shades that eventually wore away under the long-term effects of light and air.

* The lollipop, invented in 1908 by George Smith, was named after a racehorse known as Lolly Pop.

* Researchers have found that octopuses occasionally punch fish, sometimes for obvious reasons, such as directing them away from intended prey, and other times for no apparent reason at all -- unless, perhaps, they're merely having a bad day.

* A flight data recorder, aka black box, isn't black at all, but bright orange. The heat-resistant paint hue makes it easier to spot in the event of an accident.

* The most expensive guitar ever sold, a Martin 1959 D-18 acoustic, changed hands at auction for a staggering \$6 million. Formerly owned by Nirvana frontman Kurt Cobain, it was used by the singer-musician during the band's 1993 MTV Unplugged performance.

* Including television, theater, film and radio, Charles Dickens is the most adapted author of all time.

* Oh, my aching feet! In an average day of walking, those appendages at the ends of our legs experience forces totaling hundreds of tons -- the equivalent of a fully loaded cement truck!

Thought for the Day: "The question isn't who's going to let me, it's who's going to stop me." -- Ayn Rand
