Qualified students who earn an associate degree at Spoon River College now have a new transfer pathway to completion of a bachelor's degree in select programs that is offered completely online and also comes with a cost savings. In a virtual meeting held August 2, SRC President Curt Oldfield and Southern Illinois University Chancellor Austin A. Lane signed an agreement for the Saluki Step Ahead program.

"The Saluki Step Ahead program with Southern Illinois University Carbondale will help Spoon River College students achieve their academic goals," Oldfield said. "This flexible pathway to a bachelor's degree will be life changing for those students who participate."

Illinois State Fair Announces 2023 Theme Days

Double Your Fun on Thursday; Agriculture Day Moves to First Friday

SPRINGFIELD, IL – The Illinois State Fair is excited to announce new theme and discount days for 2023. Changes have been made from theme days in years past. County Fairs and Horse Racing Day will start it all off on Thursday, August 10 with gates opening at 7 a.m. This change will provide a full day of horse racing, county fair celebrations, free entertainment, carnival rides, all of your favorite fair food, traditional kick off activities, and the annual Twilight Parade.

In addition to a full day of fair fun, anyone who pays for parking on the Illinois State Fairgrounds on Thursday, August 10, will receive a voucher for free parking to be redeemed on either Tuesday, August 15, Wednesday, August 16, or Thursday, August 17.

Agriculture Day moves to Friday, August 11, allowing for more livestock exhibitors and youth in agriculture participants to be on the grounds to celebrate our state's number one industry. The move to the first Friday will also help minimize the impact of school starting for some districts.

A new theme day "Twosday" will feature \$2 admission for adults and seniors on Tuesday, August 15. To enhance this family-friendly promotion, North American Midway, the fair's carnival operator, will also offer all rides at \$2.00 each. This is in addition to honoring all Mega Passes and Jumbo Passes sold before and during the fair.

"We took a look at our theme days and saw a couple of ways we could enhance our fairgoers' experience," said Rebecca Clark Illinois State Fair Manager. "From opening our gates earlier for a full day of horse racing, to exposing more Illinoisians to our state's number one industry and offering affordable ways for families to enjoy the Illinois State Fair, our newly enhanced theme days will have something for everyone."

The Governor's Sale of Champions is also making the move to Governor's Day, which will be Wednesday, August 16. All fairgoers are encouraged and welcome to visit our Hall of Champions throughout the fair to visit with our youth exhibitors and learn more about their prize-winning animals.

Thursday, August 10 will be jam packed with fair fun. The official ribbon cutting for the Illinois State Fair will take place at 10 a.m. followed by carnival rides opening at noon, livestock shows, and of course amazing fair food!

Here is the complete list of the 2023 Illinois State Fair theme and discount days:

Thursday, August 10 - County Fairs & Horse Racing Day/Double the Fun

sample size portions from any Village of Cultures vendor, allowing your waist and your wallet to expand. "There are so many tasty options all around the fairgrounds, especially in the Village of Cultures, that we came up with a great way for fairgoers to travel around the world without breaking the bank," said Illinois State Fair Manager Rebecca Clark. "The perfectly sized portions give folks a chance to sample foods they may have not tried otherwise, and if they fall in love with the dish, they can go back for the full-size portion!" The food special "Feeding Frenzy" also returns in 2023. Fittingly, the "Jaws" theme song will blast over the fairgrounds signaling the beginning and end of the frenzy that runs every weekday (August 10-11 & August 14-18) of the fair from 2-5 p.m. When the music sounds (15 minutes prior to the discounts starting, and 15 minutes before they end), participating vendors will reduce prices on select menu items. Please check the Illinois State Fair website or the Information Booths for an updated list of participating vendors, as well as vendor locations.

SIU

Continued from page 1

Established in 2021, the program enables students who graduate with an associate degree from partnering community colleges to complete their SIU bachelor's degrees online in accounting, business administration, criminology and criminal justice, early childhood, elementary education, health care management, history, industrial management and applied engineering, information technology, nursing (RN to BSN), psychology and radiologic sciences.

Students in the Saluki Step Ahead program pay the community college rate for their first two years. In the third and fourth years, they receive an annual \$4,000 scholarship. Besides the cost savings, the program also eliminates the need and expense of relocating while continuing their education.

"We are pleased to collaborate with Spoon River College to provide another option for place-bound students in this region," Lane said. "If these students cannot come to

Carbondale to complete their education, we will bring the experience and resources of a doctoral research university to them."

With the signing, Spoon River College became one of more than 40 community colleges in Illinois, Missouri, and Texas to be part of the Saluki Step Ahead program.

"It brings an accessible and affordable bachelor's degree to the SRC students and SRC alumni who are able to keep living and working in this area while achieving their dream," said Oldfield.

Spoon River College is a two-year, public community college in west central Illinois, with campuses and Community Outreach Centers in Canton and Macomb, and Learning Centers in Havana and Rushville. It offers career and technical education and more than 25 transfer programs, and serves students in a 1,566 square mile area that includes portions of Fulton, McDonough, Mason, Schuyler, and Knox counties. STRANGE BUT TRUE

By Lucie Winborne

* In 2018, Nataraj Karate set a new Guinness World Record by stuffing 650 drinking straws in his mouth at once. He had to keep them there for at least 10 seconds to break the previous record.

* Human blood cells have different lifespans.

* Dollar bills weren't always green. Colonial money, for example, was tan with black or red ink. The Civil War government began using green ink to print paper money because it didn't fade or easily decompose, which protected against counterfeiting.

* Auto manufacturer Volkswagen makes not just vehicles, but currywurst sausages.

* The first hot-air balloon flight, in 1783, took off with a sheep, a duck and a rooster on board, as it was unknown how the human body would react to flying at high altitudes. (They landed safely.)

* A company in Poland makes dinnerware out of wheat bran.

* Queen Elizabeth II visited the set of the TV series "Game of Thrones" but couldn't be seated on the throne due to an old rule that "the ruling monarch can't sit on a foreign throne."

* While it's not the longest word in the English language, a study of 1.7 million samples of everyday English found that the longest word you're likely to encounter on a daily basis is "uncharacteristically."

* Ants leave pheromone trails when they walk that serve as maps for other ants.

* Although Saturn is the second-largest planet in our solar system, it's also the lightest, and could float in water because it's basically a giant gas ball -- if we had a bathtub big enough to hold it.

Thought for the Day: "Laws control the lesser man. Right conduct controls the greater one."
