Western Illinois University Autism Center Awarded Grant

By: Drew Donahoo (AM-Donahoo@wiu.edu)
Office of University Communications & Marketing

MACOMB, IL -- The Western Illinois University Autism Center of Excellence (WACE) was recently announced as a recipient of a \$5,000 grant from the Community Foundation Serving West Central Illinois & Northeast Missouri. WIU Speech Pathology and Audiology Instructor and WACE Co-Coordinator Nicole Pierson attended the Community Foundation's awards presentation on Tuesday, August 13.

"The Community Foundation works to match donors with projects that matter. We are so honored to be selected as one of their 2024 grant recipients! At the award presentation, each grant recipient had the opportunity to explain their project. It was refreshing to hear all the great things happening in our region. We are so grateful to be among such inspiring people," Pierson said.

The grant will expand autism and family services in the local region. WACE provides no-fee autism evaluations for children up to age 5, reducing the need for families to travel outside of the region and improving the like-

hood of a child receiving crucial early intervention services. In its first year of operation, WACE received more than 50 referrals across the 145-mile geography region surrounding WIU.

WACE, a collaboration between WIU's Speech Pathology and Audiology and Psychology departments, is staffed with faculty and graduate assistants from both departments. The Community Foundation investment furthers the efforts and impact of the WACE staff.

The Expanding Service Delivery with the WACE Program Support project is made possible by grants from the Community Endowment Funds and Jane's Kids' Fund through the Community Foundation.

This grant builds upon the funding WACE recently received from the Galesburg Community Foundation.

Grand Ole Opry Veteran Daryl Mosley comes to Lomax

Waverly, TN -- The community is invited to attend a concert by singer, songwriter, and storyteller Daryl Mosley on Sunday, September 8 at 4:00pm at The Terre Haute Community Church, 1092 Township Road 200 North, Lomax, IL.

From countless appearances on "The Grand Ole Opry" to classic shows at the famous Bluebird Cafe to a touring schedule of over 150 concerts per year, singer/songwriter Daryl Mosley has been sharing his songs and his stories with

America for over 30 years. Daryl has written three Song of the Year award winners, ten of his songs have made it to number one, and he has been named Songwriter of the Year three times! His songs have been recorded by dozens of artists ranging from bluegrass legend Bobby Osborne to country star Lynn Anderson to Southern Gospel's The Booth Brothers, and have been featured on television shows ranging from "American Idol" to "The View." One of his best-known songs, "(Ask the Blind Man) He Saw It All," was named one of the top Southern Gospel songs of all time!

WIU Horrabin Hall Temporarily Closed Due to Air Conditioning Issues

Copy By: University Communications

MACOMB, IL – Western Illinois University's Horrabin Hall will be temporarily out of service this week due to ongoing issues with the building's air conditioning system. The chiller, which is essential for maintaining a comfortable environment within the building, is currently offline.

Efforts to resolve the issue are underway. The University's Facilities Management team has been in contact with the manufacturer's representative to explore long-term repair options, as well as the possibility of installing a temporary chiller. However, due to the timing of the heatwave expected this week, these solutions will not be in place in time to maintain adequate cooling in the building.

Classes and activities scheduled in Horrabin Hall will be relocated and students, faculty and staff will receive further instructions from their respective departments.

Further updates will be provided as more information becomes available.

Lomax

continued from page 1

Gospel music legend Bill Gaither calls Daryl "a poet-and we don't have many poets left!" Daryl says, "I just write and sing songs about real life and real people; songs about faith and home and community are the foundation of my music because those are the things that are most precious to me." Daryl's concert is an intimate opportunity to hear his songs of life and faith as well as the entertaining stories of the people and events that inspired them.

The concert is free to the public. For additional information, contact Patty Lindley at 502 262-0428.

STRANGE BUT TRUE

By Lucie Winborne

* Have you ever thought that your dog's feet smell like corn chips? If so, you're not alone. In fact, the term "Frito Feet" was coined to describe the scent!

* The fastest knockout in pro boxing history occurred when Mike Collins floored Pat Brownson with his first punch and the match ended a mere four seconds after the bell.

* A person who enjoys doing crossword puzzles is called a cruciverbalist.

* Nestor Carbonell's portrayal of Richard Alpert on the hit TV series "Lost" led to an internet debate as to whether the actor was wearing eyeliner.

* During the Gemini IV missions in 1965, James McDivitt and Edward H. White were the first astronauts to have reportedly smuggled chewing gum into space without permission.

* On average, people in India spend 10 hours and 42 minutes a week reading, the most time of any country on Earth.

* Thumbs have their own pulse.

* The ringing of church bells at weddings can be traced to the Celtic heritage of Scotland and Ireland, when they were used to ward off evil spirits and grant wishes to the newlyweds.

* In 1965, Johnny Cash's younger brother, Tommy Cash, released a song titled "I Didn't Walk the Line."

* Upon hearing that the Great Fire of London might destroy his house, English diarist Samuel Pepys took care to bury his most prized possessions in his garden -- including a wheel of Parmesan cheese.

* Ravens in captivity can learn to talk better than parrots.

* When your "inner voice" speaks in your head, it triggers small muscle movements in your larynx.

* Each year, 40,000 tons of space dust settles on Earth.
