

**Atlas VMS Appoints Chris Jones as Chief Operating Officer**  
***Industry veteran to drive operational and technology strategy for growing AMC***

MIAMI; June 24, 2025 – [Atlas VMS](#), a leading appraisal management company, today announced the appointment of Chris Jones as Chief Operating Officer. In this role, Jones will oversee day-to-day operations as the company expands its national reach and continues investing in smarter, more connected appraisal solutions.

Jones previously served as VP of Operations at Landmark Network, where he built operational systems alongside Atlas VMS CEO Erik Morin. After Landmark was acquired by Class Valuation, Jones became SVP of Enterprise Program Management, leading critical technology efforts and overseeing the development of a national infrastructure.

“At Landmark, Chris was instrumental in our success—I’ve always valued his operational discipline and deep valuation expertise,” said Morin. “I’m thrilled to collaborate with him again as we scale Atlas and energize our operations and technology strategy.”

In his new position, Jones will lead operational strategy and execution, supporting Atlas VMS’s growth and commitment to delivering innovative appraisal services.

**About Atlas VMS**

Atlas VMS is a nationwide appraisal management company built for today’s lending market. We empower lenders, brokers, servicers, and investors with efficient, cost-effective solutions that enhance borrower experiences and support every stage of the mortgage lifecycle—from origination and servicing to capital markets execution. Backed by a U.S.-based team, a vetted national appraiser network, and forward-thinking platforms, Atlas delivers fast turn-times, reliable valuations, and exceptional service.
