

## WE VALUE REVERSE

Senior borrowers deserve the specialized service provided by Atlas.

Every step of our process is built with the senior borrower in mind. It all starts with our Atlas team members who are trained on the details of reverse mortgages. Our understanding of reverse leads to an unmatched experience for clients and their borrowers.

### Borrower Preparation

We believe preparing borrowers for the appraiser visit saves time and money by reducing the need to return to the property. That is why Atlas will communicate with your borrower to educate them about the appraisal process and what to expect.

### Appraiser Certification

Every Atlas appraiser is asked to verify their experience with reverse mortgage appraisal assignments prior to their approval to accept assignments.

### Quality Assurance

Each report is thoroughly reviewed by experienced staff trained on current FHA guidelines and specific investor requirements.

**EXPERIENCE THE ATLAS ADVANTAGE**
