

Brittany L.C. Bonanno

WEBSTER TOWN COURT JUSTICE CANDIDATE

Dear Members of the Webster Community,

I am writing to formally announce my candidacy for Webster Town Court Justice. With years of public service and law enforcement experience, I am ready to bring a steady, principled, and community-focused approach to the bench. My decision to run is driven by a deep respect for the law, a firm belief in accountability, and a commitment to upholding the integrity of our local justice system.

Throughout my adult life, I have dedicated myself to serving others—volunteering in the fire service, emergency medical services, youth sports, animal fostering, nonprofit work, and as a proud member of the Rochester Police Emerald Society. I also serve as a law enforcement coordinator with the New York State Employee Assistance Program, where I provide mental health resources and support to officers and staff across the state. These diverse experiences reflect a deep and abiding commitment to the well-being and progress of our community.

Much of my professional insight comes from over 14 years in law enforcement, where I developed a strong passion for equity, justice, and service. As a former investigator with the New York State Department of Corrections and Community Supervision – Office of Special Investigations, I specialized in narcotic smuggling and criminal investigations. This role granted me the rare opportunity to engage with both sides of the justice system—holding individuals accountable, while also supporting the rehabilitation and reintegration of incarcerated individuals back into our neighborhoods.

I bring a unique perspective shaped by real-world law enforcement experience—investigating serious crimes, navigating complex systems, and making tough decisions under pressure. My time in service has sharpened my judgment, strengthened my commitment to due process, and reinforced the importance of impartiality.

As a co-parent to three growing children, I understand the importance of a fair and consistent justice system. Families and individuals deserve a court that operates with integrity, a quality I have upheld throughout my career and will continue to uphold on the bench.

I am ready to serve the Webster community with integrity, honor, and a deep commitment to justice. Thank you for your time and consideration. I would be honored to have your support.

With gratitude and commitment,

Candidate for Webster Town Court Justice
