Brighton Veterinary Clinic

140-163 Gibson Bend
Saskatoon, SK, S7V 0P1
306-382-6909

- ☐ Urogenital
- ☐ Echocardiogram
 - ☐ Acquired
 - ☐ Congenital

Relevant medical history prompting referral:

Results of past relevant procedures/lab results prompting referral:

What would you like answered with this ultrasound exam?

Veterinarian preference for the procedure (select one):

- ☐ No Preference
- ☐ Dr. Cory (Echocardiograms/Ultrasonounds)
- ☐ Dr. Dedden (Ultrasonounds Only)

PLEASE CONFIRM:

- Your clinic has notified the owner that the animal's **hair will be clipped** and that the pet **may need to be sedated** for the procedure in order to obtain diagnostic quality images.
 - ☐ Yes
- Your clinic has notified the owner that **the report will be sent to you (the referring veterinarian) within 4-5 business days for echocardiograms and 2-3 days for abdominal scans.** (Anything emergent will be communicated to you sooner.)
 - ☐ Yes

Brighton Veterinary Clinic

140-163 Gibson Bend
Saskatoon, SK, S7V 0P1
306-382-6909

- If you prefer Dr. Cory or Dr. Dedden communicate the results directly to the owner, there will be a consultation charge on top of the imaging charges. Otherwise, all communication about results will be done strictly to you (other than in case of emergency).
- **Please notify the client that the procedure takes approx. 1-1.5 hours and clients are not able to be present for the procedure.** They are welcome to wait at the clinic in the reception area for the duration of the procedure or leave and will be called when their pet is ready to be picked up.

☐ Yes

- Your clinic has advised the owner that payment for the ultrasound and sedation **is due at Brighton Veterinary Clinic the day of the appointment** and that they will also be responsible for any additional charges if an emergent situation occurs.

☐ Yes
