

A future-focused philosophy and immersive learning ecosystem focused on helping humans adapt to the AI-transformed world of work.

OUR SERVICES

OUR IMMERSIVE EXPERIENCES

FUTURE CONTEXT

HUMAN+ MINDSET

A practical framework for thriving in an AI-driven world through human evolution and adaptability.

ORIGINAL INTELLIGENCE
What makes us human.

- SCARF – Status, Certainty, Autonomy, Relatedness, Fairness.
- PALEO – 5 essential human skills: Personhood, Adaptability, Learning Agility, Engagement, Oral Tradition.
- MORESO – Movement, Rest & regulation, Real food, Social connection, Organized environments.

ARTIFICIAL INTELLIGENCE

Work effectively with AI.

- AI AVOIDANT – Fearful or resistant to AI.
- AI CURIOUS – Experimenting and learning with AI.
- AI CONFIDENT – Actively integrating AI into daily life and work as an extension of cognition.

CAREER AGILITY

Adapt and thrive through change.

- CANCEL – Reduce unnecessary dependence.
- EARN – Diversify income streams.
- OPTIMIZE – Leverage human systems and technology.
- UPGRADE – Continuously evolve skills, behavior, and identity.

OI LEADERSHIP RETREAT

Immersive learning experiences for leaders to explore, learn, experiment, and evolve.

SOLARPUNK

A hopeful vision of a sustainable future in harmony with nature, technology, and community.

THE SINGULARITY

The point where AI accelerates beyond human comprehension, transforming civilization in unpredictable ways.

CYBERPUNK

A cautionary vision of a fragmented future driven by uncontrolled tech, power, and inequality.
