Loxon® Self-Cleaning Acrylic Coating
helps avoid costly repaints and extensive cleaning — without sacrificing aesthetics.

Keep Concrete and Masonry Properties Looking Fresh

Innovative self-cleaning formula minimizes maintenance by shedding dirt with rain or water contact.

Get Stunning Results in Less Time

Adheres directly to bare or previously coated concrete, so work gets finished fast.

Deliver Long-Lasting Beauty

Excellent weathering protection, including UV resistance, keeps your property looking great.

Offer Elegant Color Options

Comes in attractive flat and satin sheens that can be tinted to a wide range of colors.

Industry-leading innovation from a name you can trust. Many hours of field testing, years of research and decades of experience go into developing coatings that are better for your business. Sherwin-Williams has been committed to quality for more than 150 years and has a complete line of extraordinary paints and stains, plus rich, beautiful colors to set your work apart.

SHERWIN-WILLIAMS®

Shield against the elements with **Loxon® Exterior Concrete and Masonry Systems**

Count on **Loxon® Exterior Concrete and Masonry Systems**, a full range of products for prepping, finishing, specialty and more.

Advanced concrete and masonry protection

Stand up to the elements

Protects against efflorescence

Open your smartphone camera and scan over the code to learn more about the benefits of Loxon® Exterior Concrete and Masonry Systems. ▶

The Loxon® family offers a full line of exterior concrete and masonry solutions including masonry conditioner, block surfacer, acrylic primer, high build coatings, self-cleaning acrylic technology and water repellents.*

Take on More Jobs

Perfect for new construction and repaints. Can be applied on fresh concrete, stucco and block surfaces — at least seven days old, with a pH of up to 13 — with no resulting alkalinity problems.

Stand up to the Elements

This unique system maintains the integrity of its original appearance, color and sheen despite sun, heat, wind-driven rain and salt air.

Smooth Out Imperfections

Products to help bridge hairline cracks and provide smooth coverage even over less-than-perfect surfaces.

Meet Stringent Requirements

Many of these systems comply with strict VOC requirements at <50 g/L VOC across the U.S. without sacrificing performance or productivity.

Industry-leading innovation from a name you can trust. Many hours of field testing, years of research and decades of experience go into developing coatings that are better for your business. Sherwin-Williams has been committed to quality for more than 150 years and has a complete line of extraordinary paints and stains, plus rich, beautiful colors to set your work apart.

Sherwin-Williams has been committed to quality for more than 150 years and has a complete line of extraordinary paints and stains, plus rich, beautiful colors to set your work apart.

Multi-Purpose

Latex Primer

Successful Painting Jobs Start Here.

An Advanced Technology, Versatile Sealer and Stain Blocker for a Variety of Surfaces

Assures Adhesion
On Slick Surfaces

Ideal for both interior and exterior applications, Sherwin-Williams Multi-Purpose Primer has excellent adhesion and bonding properties even on many “hard to paint” surfaces. For use on a wide array of substrates, it is a universal favorite. It can be tinted and is compatible with a full range of topcoats.

Key Benefits:

- Assures adhesion and bonding of the topcoat — even on slick, glossy surfaces
- Assures uniform appearance of topcoats
- Excellent stain blocking
- Seals minor dried water stains and tannin
- Seals out solvent-sensitive stains — tar, solvent-based markers, etc.
- Good wet and dry hide
- Great application characteristics — brush, roll or spray
- Fast dry, sandable and easy cleanup
- Can be used as a pre-wallcovering primer to promote easy removal
- Provides easy “slip” for positioning of wallpaper
- Can be applied in temperatures as low as 35°F
- Meets the most stringent VOC regulations
- Has achieved GREENGUARD® GOLD Certification

Use on Interior:

- Ceiling Tiles
- Paneling
- Wall Laminate
- Cured Plaster
- Drywall
- Varnished Woodwork
- Kitchen Cabinets
- Ceramic Wall Tile
- Under Wallcovering

Use on Interior and Exterior:

- Wood
- Aluminum
- Galvanized Metal
- Previously Painted Surfaces
- PVC Piping
- Concrete and Masonry
- Many Plastics
- Glossy Surfaces
- Fiberglass
- Copper
- Glazed Block
