### Who We Are

Choices Counseling Services has been serving Four Corners' residents since 1991. We provide solution-focused therapy to a diverse clientele. Choices Counseling Services strives to provide affordable mental health care for any San Juan County child, couple or family member.

Our therapists provide effective, efficient and responsible care. The treatment modalities we employ have been demonstrated to yield the most effective care. Effective counseling concentrates on individualized strength building and mental health promotion. Responsible counseling includes matching patient personalities and needs with the talents of individual therapists.

We provide a full range of services from emergency (Critical Incident Stress Management) to longer term in-depth care. We employ highly skilled therapists who specialize in couples counseling, family or individual treatment. We serve a full age range of clientele from pre-school through late adulthood.
