

## Have Drone Will Travel NJ

### **\*Photography Agreement Highlights**

*"In a nutshell"*

- You have the right to use the photos/videos to sell the property.
  - These rights expire in one year or when the property sells. We can agree to extend these rights if needed.
- You're not bound to use us exclusively for your photography needs.
- Ultimately all photos/video copyrights belong to us.
- We are hired as an independent contractor.
- You can cancel, but you must give notice more than one week before the shoot.
  - A cancellation notice of less than one week = 25% cancellation fee plus any expenses.
  - A cancellation notice of fewer than 24 hours = 50% cancellation fee plus any expenses.
  - No cancellation notice and photo shoot occurs = 100% of the fee plus any expenses and no photos/videos.
  - We can cancel any time, but you get your money back.
- Fees are expected to be paid within ten (10) days.
- And a bunch of legal stuff if things really get weird and need to go to court, which I believe everyone doesn't want to happen.
