

## A Note from Executive Director

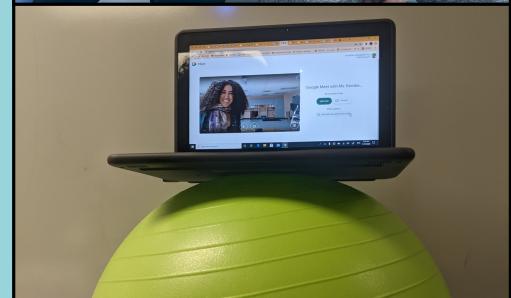

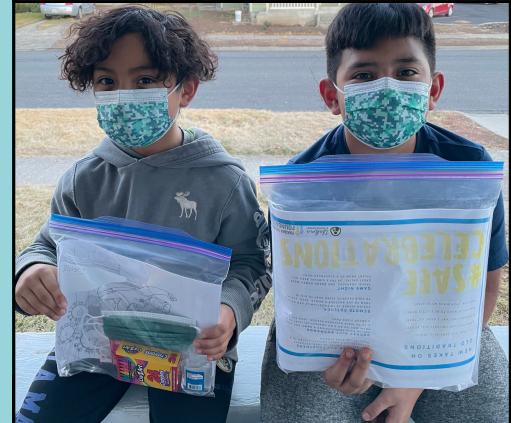

**Priscilla P. Trevino**

The 2020-2021 school year is in the books—and what a memorable chapter it's been! Due to COVID-19, this school year was filled with adversity, adjustments and challenges, but we made it. Thanks to the awarded grants, sponsors, individual donors and other supporters of the Foundation we were able to continue in our efforts to support the needs of the Yakima Public Schools. The Foundation was able accept the challenge of 2020-2021 by achieving goals and making an impact on our students and in distance learning classrooms. While many students, teachers and families enjoy some well deserved rest this summer, at YSF, we will be busy planning to get ready to support more students and teachers in the new school year. We wish everyone the best upcoming school year possible and remain committed to providing the resources and support to help make that happen. We are looking forward to yet another amazing and impactful 2021-2022 school year!

Have a relaxing and wonderful summer.

With gratitude,  
Priscilla P. Trevino

## Celebrate Our Youth

We celebrated our 30th Anniversary!

Yakima Schools Foundation reached the milestone this year of celebrating our 30th Anniversary during the annual Celebrate Our Youth event!

This year, the Celebrate Our Youth event was held on Wednesday, April 28th, virtually. We celebrated the past, present, and future of the Foundation. We were excited to hear from keynote speaker Noé Álvarez and honored the Superintendent's Student Advisory Council as our Champion of Youth Award recipient this year! We also heard from some of our very first board members and impact stories from teachers about remote learning and adapting to its challenges.

Next year, the "Celebrate Our Youth", "Classified Employee Of The Year" and "Crystal Apple" awards will be combined for the first annual **Excellence in Education** awards event.

#### VICE PRESIDENT, SY RUIZ

After celebrating YSF's 30th Anniversary, we were able to reflect on all the amazing work and impact we had. With that in mind, as this year's incoming president I am excited to have the opportunity to set the tone for the next 30 years of our work and focus. Each year there are new issues the learning community faces, and I am hopeful that our board will continue to be adaptive and responsive to them and continue to impact the lives of students, families, and the Yakima community as a whole. Now more than ever our students need our mentorship, guidance, and time. I believe it is our responsibility as community members to come together and work to unlock the limitless potential of the next generation of leaders.
