

BUILD A HOME

\$90,000

Builds a fully furnished small home with a bedroom, kitchen, bathroom and living area.

Sponsored home will carry an inspirational name you choose and your organization's name will appear on a donor wall in the Village Community Center.

IMPACT

Village

Your donation will help provide an ongoing source of income to be invested back into the Village. Net profits on rental income are projected to be \$2M annually.

Individual

- **83%** fewer taxpayer-funded encounters with the criminal justice system
- **77%** fewer taxpayer-funded inpatient hospitalizations
- **61%** fewer taxpayer-funded ER visits

Broader Community

An independent analysis by Lewis Robertson Burningham determined that reductions in crime and demands on the healthcare system realized by the first 60 homes of Phase I alone will save taxpayers \$6.4M over 20 years.

WHO YOU'LL BE HELPING

The Other Side Village is a 501(c)(3) created to provide permanent housing to 550+ people who have suffered at least one year of chronic homelessness in addition to dealing with the effects of substance abuse, mental health challenges and/or physical disabilities.

HOW WE'RE DIFFERENT

Safe and beautiful housing solves one problem but not the ultimate problem.

We believe solving chronic homelessness requires deep personal change. This doesn't happen without a new community, a new mindset and new life skills—which in turn require sobriety, peer-to-peer accountability, integrated employment, on-site coaching and facilities to treat medical and mental health.
