MAYA ENERGIES

Commitment, professionalism, delivery.

Introduction

SECTORS: Oil & Gas

SERVICES: Procurement Solutions

WHAT WE ARE

PARTNERSHIP

WHO WE ARE

Our Profile is to be an integrator of Services and innovation, focused on solutions such as Midstream and Upstream, in which it integrates solutions such as Procurement, Digitalization, first line of Support, Manpower, aligned with your business etc. Our Mission is to be the best partner in customer development, integrating service solutions with excellence and innovation, while Our Vision is to be an Angolan company of reference in Midstream solutions, in the Oil & Gas sector recognized for the excellence of our professionals and results achieved.

AREAS OF EXPERTISE

Oil & Gás

Utilities

STRATEGIC PARTNERSHIP

A team specialized in the delivery of onshore and offshore organizational technical product or material and Man power of international and Angolan origin, based in Luanda since its foundation in 2019. Our mission is to offer comprehensive solutions, ranging from organizational transformations to the implementation of quality services, with a team of national and international experts.

PROCUREMENT SOLUTIONS

.PROCUREMENT SOLUTIONS

As an outsourcing company, Maya Energies offers sourcing and procurement solutions for a wide variety of items, including those that are difficult to find with our suppliers in the national and international market like USA, Germany, France, Japan etc.

Our solution looking at our global connections with the office in Luanda, Cabinda and Dubai, Maya Energies your sourcing and procurement requirements will allow your company to do what it does best, focusing on your core business with peace of mind.

OUR TASKS

Direct Procurement: We engage in the purchase of goods and services directly related to operations.

Indirect Purchases: We focus on non-essential items (indirect spending).

Materials procurement: We manage tangible items purchased from a vendor, such as raw material licenses or software subscriptions.

Contracting services: people-based services required for operations, manpower in a General term.

SUPPLY OF SERVICE GOODS

- 1 - Procurement of General Commodities
- 2 - Supply of Chemicals, Lubricants and Paints
- 3 – Supply and Rental of Drilling and Marine Equipment
- 4 - Rig and FPSO Manpower Supply
- 5 - Other Services Goods

OIL & GAS & MARINE EQUIPMENT AND PROCUREMENT SERVICES

Oil and Gas Equipment Supply and Procurement Services

With over 6 years of experience in the oil and gas sector, we provide cutting edge procurement and supply chain management service through our providers in Africa (Angola) Europe, ASIA, & North American.

Our expertise lies in procurement, scheduling, cost controlling, planning, assuring quality, field & third-party inspections and expediting services.

Our understanding in sourcing enhances the analysis, negotiation and evaluation process for clients as well as our suppliers.

We source a variety of products for the oil and gas industry including ***valves, drilling equipment, pumps, MRO tools and safety products.***

We make sure that are entire sourcing operation is executed from reliable entities, manufacturers (OEMs) that have a proven track record of supplying reasonably priced and genuine products. Our suppliers are well aware of the regulations & guidelines for the products they serve.

Maya Energies employees are qualified and professional across our various offices to make sure that they are able to provide valuable advice and assistance to our customers by offering relevant products to suit their procurement requirements.

Marine Equipment Supply and Procurement Services

At **Maya Energies**, we provide procurement and supply chain services for the finest variety of ship spare parts and equipment used within the marine industry such as ***pumps, motors, filters, cabin equipment, safety products, desalination equipment, marine and electrical accessories and engines.***

We find it crucial to provide these products at the best possible prices and within a timely delivery schedule in order to meet procurement requirements of our clients.

Procurement – **Services Solutions**

PROCUREMENT OF GENERAL COMMODITIES

Maya Energies

We specializes in the procurement of general commodities specifically tailored for the oil and gas and Marine industry.

We meticulously source and supply essential goods ranging from equipment and materials to tools and consumables, ensuring our clients have access to high-quality products that meet industry standards and operational needs.

Our expertise in procurement allows us to optimize supply chains, manage inventory efficiently, and provide timely deliveries, supporting seamless operations and project success in the dynamic oil and gas sector.

SUPPLY OF CHEMICALS, LUBRICANTS AND PAINTS.

SUPPLY OF CHEMICALS

Maya Energies excels in the **supply of chemicals, lubricants, and paints** crucial for the oil and gas industry.

We specialize in sourcing and delivering a comprehensive range of specialized chemicals, high-performance lubricants, and quality paints that meet stringent industry standards.

Our tailored solutions ensure that clients receive products optimized for their specific operational requirements, enhancing equipment performance, efficiency, and longevity.

With a commitment to reliability and timely delivery, we support seamless operations and contribute to the overall success of oil and gas projects

SUPPLY OF CHEMICALS, LUBRICANTS AND PAINTS.

SUPPLY OF CHEMICALS

Maya Energies specializes in the supply of a comprehensive range of industrial chemicals crucial for the oil and gas industry, including:

- **Corrosion Inhibitors:** Protecting metal components from corrosion caused by water, acids, or gases.
- **Scale Inhibitors:** Preventing the formation of mineral scales that can clog pipelines and equipment.
- **Demulsifiers:** Facilitating the separation of water from crude oil emulsions.
- **Surfactants:** Enhancing oil recovery through EOR methods.
- **Biocides:** Controlling microbial growth in pipelines and storage tanks.
- **Hydrate Inhibitors:** Preventing the formation of hydrates in gas pipelines.
- **Foamers and Defoamers:** Controlling foam formation in drilling and production operations.
- **Solvents:** Cleaning and degreasing equipment and components.
- **Gamazyme BTC:** A biotechnological cleaner used for the removal of organic deposits in pipelines, tanks, and other oil and gas equipment.
- **Gamazyme STC:** Biotechnological cleaner and degreaser used for cleaning hydrocarbon deposits, greases, and oils in oil and gas industry equipment.
- **Aquatuff High Foam:** Alkaline cleaner and degreaser used for general cleaning of tanks, engine rooms, and deck areas in the oil and gas industry.
- **Aquabreak PX:** Biodegradable cleaner and degreaser used for general cleaning of oil-contaminated surfaces, bilges, and tanks.
- **HPC:** High-performance cleaner used for cleaning and degreasing of engines, tank tops, and other heavy-duty applications in the oil and gas sector.
- **Seaclean Plus:** Heavy-duty alkaline cleaner used for the removal of heavy oils, greases, and carbonaceous deposits in oil and gas equipment.
- **Descalex:** Acidic cleaner used for the removal of scale, rust, and other mineral deposits from heat exchangers, boilers, and other equipment in oil and gas operations.
- **Electrosolv-E:** Solvent-based cleaner used for cleaning electrical components, switches, and motors in hazardous environments in the oil and gas industry.

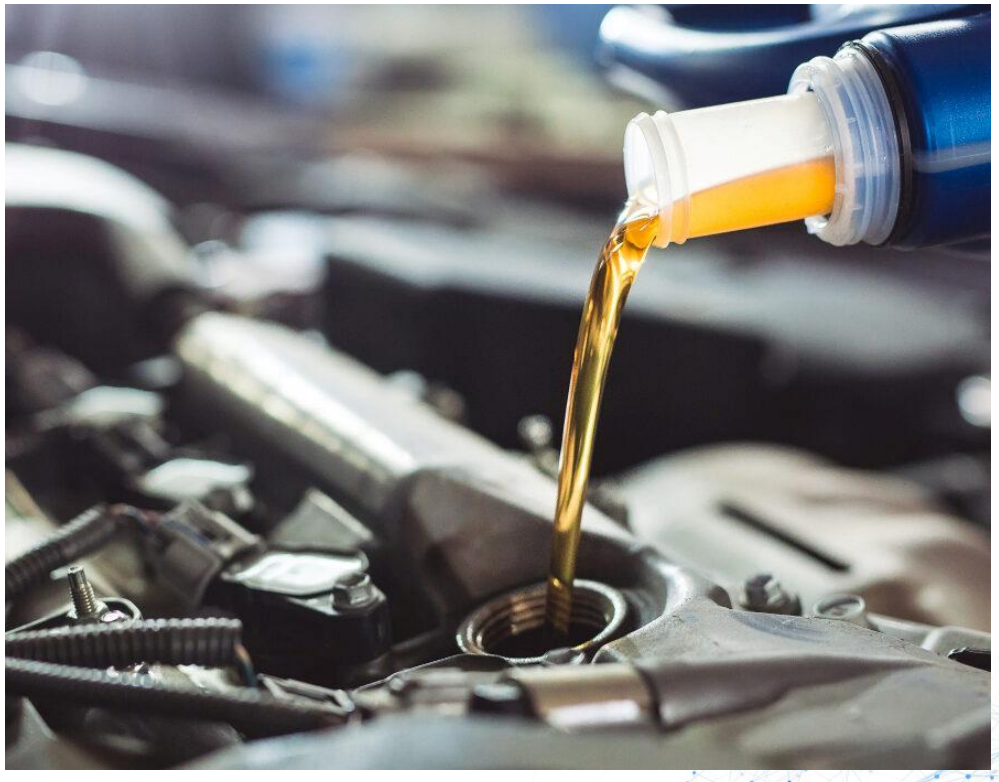
SUPPLY OF CHEMICALS, LUBRICANTS AND PAINTS.

SUPPLY OF LUBRICANTS

MAYA ENERGIES also specializes in supplying marine lubricants crucial for the efficient operation and maintenance of vessels in the oil and gas industry. These include:

- **Engine Oils:** Specifically formulated to meet the rigorous demands of marine engines, providing excellent lubrication and protection against wear and corrosion.
- **Hydraulic Oils:** Designed to ensure smooth and reliable operation of hydraulic systems onboard ships, including cranes, winches, and steering systems.
- **Gear Oils:** Providing superior protection and performance for marine gearboxes, thrusters, and other gear applications.
- **Greases:** Offering high-performance lubrication for bearings, open gears, wire ropes, and other marine equipment subjected to harsh marine environments.

Note: *These marine lubricants are essential for enhancing operational efficiency, extending equipment life, and minimizing downtime in maritime operations within the oil and gas sector.*



SUPPLY OF CHEMICALS, LUBRICANTS AND PAINTS.

SUPPLY OF PAINTS

Maya Energies specializes in supplying a comprehensive range of paints tailored for the specific needs of the oil and gas industry, including:

- **Anti-Corrosive Paints:** Designed to protect metal surfaces from corrosion in offshore and onshore environments.
- **Heat-Resistant Coatings:** Providing thermal insulation and protection for equipment exposed to high temperatures during oil and gas operations.
- **Epoxy Coatings:** Offering durable protection against chemicals, abrasion, and environmental factors, suitable for tanks, pipelines, and structural steel.
- **Marine Coatings:** Formulated to withstand harsh marine environments, providing anti-fouling and anti-corrosion properties for vessels and offshore structures.
- **Specialty Coatings:** Including fire-retardant coatings, UV-resistant coatings, and specialty finishes for specific operational requirements in the oil and gas sector.

Note: *These paints are sourced from trusted brands known for their quality and reliability in industrial applications, ensuring Maya Energies delivers solutions that meet stringent industry standards and enhance the longevity and performance of critical assets.*

SUPPLY AND RENTAL OF DRILLING & MARINE EQUIPMENT

Rental of Equipment

Maya Energies provides comprehensive services for the rental of drilling and Marine equipment tailored for the oil and gas industry.

1 - Drilling Equipment

Our offerings include various drilling equipment, such as **Cross Overs Subs**, **PDC Drilling Bits**, **Tricone Drilling Bits** and **Mud Motors.**

2 - Marine Equipment

Our offerings include various Marine equipment, such as**, Safety and Navigation, Pneumatic Fenders, Marine Airbags, Foam Filled Fenders, Marine Rubber Fenders, Marine Hoses, Marine Buoy, Oil Booms.**

3 – Other Equipment

Our offerings include various Others equipment, such as **Generator, Cars, Safety Equipment, Construction Vehicle, etc**

FPSO MANPOWER SUPPLEYR

Maya Energies Manpower Supply

Maya Energies offers specialized offshore services, including the supply of manpower for FPSO (Floating Production Storage and Offloading) vessels in the oil and gas industry.

Our services in this area include Manpower Supply with skilled and qualified personnel for various roles on FPSO vessels, including, technicians, engineers, and support staff (Cleaners, Painters, Welders, IT helpdesk, Rope Access) HSE Trainees, Productions Operators, Electricians, Mechanics, and Logistics Specialist.

- Cleaning Solutions
- Deck and Engine Room Cleaners
- Rig Wash and Mud Removers
- Vessel Management
- Support Rental Equipment
- Electronic Security and CCTV
- IT Telecommunication solutions

TECHNICAL SERVICES

Our highly trained technicians are equipped to perform high maintenance cleaning services across onshore and offshore installations.

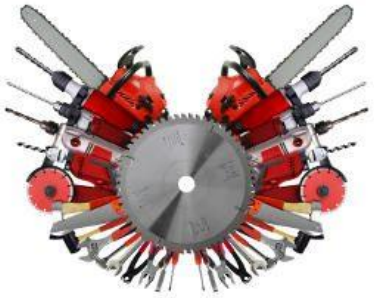
They specialize in the application of cleaning products, ensuring thorough and efficient cleaning processes. Creating and maintaining a clean and hygienic working environment for seafarers using appropriate products and collaborative team effort.

NOTE: Maya Energies *combines quality products with expert services to deliver solutions that enhance operational efficiency, prolong equipment life, and maintain a clean and safe working environment in oil and gas industries.*

OTHER SERVICES GOODS

OTHER PRODUCT & SUPPLY

- Industrial Valves
- Drilling Equipment
- Maintenance, Repair Tools
- Rotary Equipment
- Pumps
- Process Equipment
- Instrumentation
- Electrical & Power Transmission
- IT & Telecommunication
- Maintenance, Repair & Operation Tools
- Welding Consumables
- Industrial Oil, Chemicals, and Lubricants Suppliers
- HVAC & Refrigeration
- Heavy Plant Machinery & Vehicles
- Safety Products



MEET OUR CUSTOMERS & PARTNERS
