

The Marantz Amp is set up to stream music, or play it direct. Directly plugging in to USB, auto-sets the Marantz to go. Alternatively, Bluetooth is so easy, you may just use this. You *may* need to switch to SpiritHouse-5G\_5G Ext WiFi. Let's begin by assuming everything is switched on

**Direct Play on SunRoom Marantz.**

- 1: Plug your i-Device, into the Lightning/USB cord.
- 2: Select USB input (If marantz doesn't auto-select).
- 3: Pick your tunes and play.

**Bluetooth on SunRoom Marantz.**

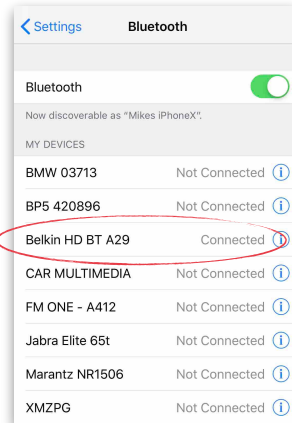

- 1: Select 'Bluetooth' on Marantz remote
- 2: On your i-Device, look for 'Belkin HD BT A29'
- 3: Connect - (I touch my phone to the Belkin)
- 4: Select your music from Spotify or iTunes
- 5: Select 'Belkin HD BT A29' on Streaming Icon
- 6: The Marantz remembers you for next time

Direct Play Belkin Bluetooth

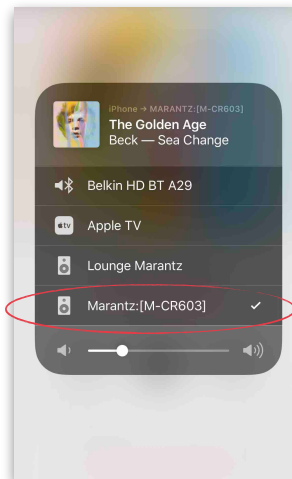

**AirPlay on SunRoom Marantz.**

- 1: You need to be on SpiritHouse Wi-Fi
- 2: Play & the Marantz auto-selects Airplay Input
- 3: Select your music from Spotify or iTunes
- 4: Select 'Marantz:[M-CR603]' on Streaming Icon
- 5: Adjust the Marantz volume

**CD SunRoom Marantz.**

- 1: Select CD on Marantz remote
- 2: Open the tray and insert CD
- 3: Play

**On a Laptop:** Look for 'Marantz:[M-CR603]' in iTunes or Volume

**Wi-Fi is SpiritHouse or SpiritHouse Guest. The password will have been sent to you when booking.**  
**Courtesy of NBN, we have no working landline. And courtesy of Telcos, we have minimal mobile reception.**  
**We are on rainwater tanks for water supply. Please be more sparing than normal for showers etc.**  
**We're in the bush, so watch out for spiders and snakes. Put a dab of Vicks over any ticks/bites to kill them.**

The **Combustion Fire** is brilliant.  
 Wood is by the garage door  
 Start with the flue fully open  
 (moved to the right).  
 2/3rds close the flue for  
 all-night burn.

The **Washer timing** can be manually  
 reduced with the 'down' button.

**Sensor Lights** cover the  
 garage, front, side & back of the  
 house. But not alongside near  
 neighbours out of courtesy.  
 Sensor switch should be on BUT  
 you may want to turn the back  
 deck on or off manually, for  
 outdoor dinners or sleeping.

The **Dryer Lint Trap** needs regular  
 emptying

**Please leave Sensors on  
 when you leave.**

**Hot water (# 6)** should be on for your arrival.

**To change gas**  
 turn the valve  
 toward the  
 new cylinder  
 and open the  
 cylinder  
 gas tap

ROLLER DOOR  
OPENER

ROLLER DOOR  
OPENER

**The gas heater** is great to  
 take the chill out of the house.  
 Make sure outside gas  
 cylinder is on. 3-5 sec push  
 'ON' ignites gas. Ensure  
 carpet is in front of heater.

**Garbage bins out Sunday eve for Monday morning collection.**  
**Any issues, needs, breakages, grab AI or Tracey next door.**  
**Please switch off power & lock up. And drive safely home.**
