Martinez said, “After serving in HR leadership roles for more than 25 years, I see the significant need for outsourced HR services and support to enable companies to focus on growth, bottom-line results, and employee engagement. Having led internal HR teams and departments for many years, my new business is well-equipped to provide all the HR services, solutions, and support companies need, without the inherent costs associated with hiring full-time staff while reducing risk.”

Martinez is a strategic and hands-on senior HR leader with more than two decades of global and diversified operational experience leading HR initiatives, departments, and programs for both publicly traded and private equity-owned companies.

She most recently served as the Global Vice President, Corporate Human Resources for Scientific Games, and before that, as Vice President, Human Resources and Executive Management Board Member with Konami

Gaming, Inc. Earlier in her career, Martinez served as Vice President, Human Resources for Aristocrat Technologies, Inc. and held various HR leadership roles with Caesars Entertainment, including opening several new casino-resorts.

Martinez said, “I have personally led HR transformation for companies that were start-ups, fast-growing, and undergoing extensive merger and acquisition activity. I recognize how important collaborative HR is to any business, and the value when companies commit to investing in HR. Yet many companies do not have the resources and budget to maintain in-house staff and require the flexibility to outsource as needs arise. Consult HR Partners will add immediate and measurable value to any company, providing those vital services and solutions as a true business partner – working hand in hand with the company’s leadership to help shape business strategy.”

Martinez earned a Bachelor of Science degree in Business Management, and a Master of Science degree in Organization Leadership. She was named a “Great Women of Gaming – Proven Leader” in 2004 by Casino Enterprise Management magazine and has been an active member of the Southern Nevada Human Resources Association Board of Directors.
