ORIGINS

The first Afters opened in Walthamstow in 2004 with the vision to change the way that Ice Cream was sold. By creating a unique atmosphere within our sites and offering an exciting range of products, that are constantly evolving, we have become a market leader. Whilst many have tried to copy us there is still only one original Afters. Our parlours have become the place to visit at all times of the day and for all age groups.

Now many branches later we still have the passion for ice cream, and our dedicated team travels the world to source new products and ingredients for creating new sundaes, shakes, smoothies and other desserts.

Enjoy!!!!

If you would like to find out more about Afters, please visit www.aftersoriginal.co.uk

NB. Some products may contain nuts, please ask a member of staff for details.
