Finding a book to read is as easy as 1-2-3, and it can be fun and exciting. The right book can take you on an adventure that lets your imagination soar! I want to help you find your perfect book. I created a short survey of 6 simple questions, and at the end of it, you will be given a selection of books that you will love.

1. Do you like to play outside?
A. YES B. NO
2. Do you have a messy room?
A. NO B. YES
3. Do you like to play dress up?
A. YES B. NO
4. Do you like animals?
A. YES B. NO
5. Do you like Sports?
A. NO B. YES
6. Do you love cartoons?
A. YES B. NO

Now the fun part, turn the page back over and see which letter you answered more of; It will either be A or B. I have suggested books for either girls or boys or both. The next time you are at the library or book store, take a look at all the different books, and I know you will find one that you will want to read. Now, you may find that you are not in love with a book that I have recommended, and that's okay. Just keep looking and let your imagination soar!
