# About Us

Funny how a life changing business can be started with a wrong turn.

While on holiday and waiting for a store to open, we took the wrong turn and parked miles away from where we wanted to go. Lucky for us, we are a hungry bunch and stumbled across a street market called Melrose.

We spent a couple of hours talking to traders, eating food and shopping before heading off. While on our next drive, we spoke about how fun it would be to live that lifestyle.

Fast forward 3 cocktails and a plate of tacos later and we decided we wanted to work together.

Welcome to the world -  
Melrose Candle Co.

# Why Choose Melrose

We craft each product within our Edinburgh store and each fragrance is crafted to offer a nostalgic memory, whether that be a walk on the beach or favourite perfume.

Every drop of fragrance oil is blended with high grade essential oils to offer unique scents which offer long lasting aromas.

Each candle product is produced using high quality soy wax which offers a great hot and cold throw, will burn evenly and carry the scent from top to bottom.

Every batch is made in multiples of 20, each hand stirred and poured by our team to offer high quality finishes.
