Current Lead Time: Wholesale 60-90 days; Retail 6 weeks

Description: The low bowl from our Day Break Collection will add charm and energy to any space, with its shape and inspiration cast from the beautiful Florida skyline.

Each piece is crafted from sustainably sourced clay with a sleek gloss finish. Hand assembled by experienced artisans from our partner, Mudshark Studios, Artisan Ceramic Studio in Portland, Oregon. Each piece is hand trimmed and assembled, painted and kiln fired to achieve that glossy finish. Because each piece is craft made there can be variations in finish and texture.

The low bowl pendants are available as a pendant, and surface mount. For pendant we have rod and cord as mounting options.

These pendants are manufactured to work with E26 double ferrule or UNO style light bulb.
