

# WINDJAMMER VILLAGE

*May 2026*

*In May's arms, blossoms awake,  
Petals unfold, in the sun's bake,  
Colors burst, for nature's sake,  
A floral masterpiece, it does make.*

*Each bud blooms with a story to tell,  
Under May's enchanting spell,  
In every color, beauty dwell,  
Nature's secrets, they do compel.*

*Blossoms of May, pure and bright,  
Fill the days and the nights,  
In their bloom, a heart's delight,  
May's gift, a wondrous sight.*

# Grilling Safety

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But, a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

## SAFETY TIPS

- Propane and charcoal BBQ grills should only be used outdoors.
- The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- Keep children and pets at least three feet away from the grill area.
- Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- Never leave your grill unattended.
- Always make sure your gas grill lid is open before lighting it.

## CHARCOAL GRILLS

- There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- Keep charcoal fluid out of the reach of children and away from heat sources.
- There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- When you are finished grilling, let the coals completely cool before disposing in a metal container.

## PROPANE Grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, by smell or the soapy bubble test, and there is no flame, turn off both the gas tank and the grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. **If you smell gas while cooking, immediately get away from the grill and call the fire department.** Do not move the grill.

If the flame **goes out**, turn the grill and gas off and wait at least **5 minutes** before re-lighting it.

## FACTS

- July is the peak month for grill fires.
- Roughly half of the injuries involving grills are thermal burns.

**Flag Status:** Completed

There is nothing new to report at this time. Thank you, Deborah Christenburg, Hospitality Chairperson

The Long Range Planning Committee met on March 4<sup>th</sup> and we have the following suggestions for the Board to consider.

We would like the board to place a line item in the budget for \$10,000 for the engineering report. We feel this report is necessary tool to help the Board in running this community.

We also suggest that the dues be increased by 10% and that additional monies go directly to the reserve funds.

## **MAINTENANCE COMMITTEE**

I just took over this position on March 12, 2026, and I have been trying to determine exactly what this committee's duties are to the Village in to order to perform those duties as defined in the ByLaws. I have been gathering information regarding the day-to-day operations for maintenance so I can determine how to best assist Parker with his plans for maintenance upkeep.

I have also been working on developing a committee to include people with all kinds of different experiences that are willing to volunteer for this committee and assist Parker as needed and I already have multiple people who have committed to help. So, if anyone has a skill that would be helpful, please let me know.

## **RECREATION COMMITTEE**

No activities for the month of February.

## **SOCIAL COMMITTEE**

This year our Wine & Cheese event was held on Valentine's Day. After having the event almost doubled on me last year, I decided the best way to be prepared was to have everyone make reservations for the event. Thankfully so too! I had 138 reservations with only 1 "no show" and 2 last minute additions for a total of 139 attending. This event requires a lot of time planning, prepping, decorating, serving and cleaning up. I am very blessed to have an amazing group of volunteers that help make all this happen. Without them all this event would not be possible. So, from the bottom of my heart, THANK YOU ALL!

**See you in the village!**

## **UPCOMING ACTIVITIES & EVENTS**

**PLEASE SAVE THE DATE FOR THE FOLLOWING:**

**March 21, 2026 @ 11am**      **EASTER EGG HUNT** – Time to hunt some eggs!

**April 11, 2026 @ 7am – 12pm**      **YARD SALE** – Time to do some spring cleaning and see whose trash is another man's treasure.

**April 18, 2026 @ 4pm**      **CORNHOLE TOURNAMENT** – Let's throw some bags!

**Upcoming activities/events and any date/time changes are posted  
on the bulletin board at the clubhouse.**

Hello everyone, I hope you are all well. I'm with my grandkids, enough said there. An update on where we are and a timeline for completion.

The prep work, meaning the milling and filling of bad areas, the installation of curbs and berms are almost complete. There is a list of about a dozen places where this prep work needs to be completed. I want to thank owners who have questioned areas that they were concerned with. Some of them warranted being added to the remaining list.

The final phase of this job is the sealing of the roads and parking lots. This is where everything all comes together. The sealed areas will have to be completely shut down for a period to dry. We understand this is an inconvenience to all, but this is the most critical part of the job. When the work starts on Little River Drive, flaggers will be used. They will seal one side of the road for a length and then stop. The flaggers, utilizing walkie talkies, will then guard the sealed area for as long as it takes to dry. The entrance and exit to the circles will be sealed one side at a time to allow entrance and exit to the circles. As far as our circles go, our contractor has offered to do this job at night, which the Board and I have agreed with. The biggest requirement that the Board had was for as much advance notice to the owners as to when their circle would be shut down that night. We are told by the contractor that they can do two circles per night. The first one would start around 7:00pm with the finish time for the second one to be around 11:00pm. After the sealing job is done on your circle it is critical that you do not drive or walk on it till morning. There will be barricades at the entrance and exit to those circles that have been sealed that night to prevent someone from driving on to the drying circle. This sealant is not something you would want to drive on wet as it would get all over your car. Our contractor wants to point out that it's not the air temperature that matters the most, it's the humidity. The warmer the pavement gets during the day the quicker it will dry also. There will be nights that will be perfect to do the sealing, and we need to take advantage of that. I'm sure there will be nights that won't, due to weather, and we will have to hold off. We will give you as much notice as we can to aid you in preparing for this. I'm sure the Board will allow you to park on Little River Dr. if needed and, if needed, parking at the office or Clubhouse is available.

In review, what needs to happen is

- 1) Completion of all the prep work left
- 2) Doing the potential 14 driveways that accepted the discounted offer to repair their driveways. This work needs to be completed before the finished work on the streets are done to prevent damage to the roads from equipment.
- 3) The sealing of the Office and Clubhouse parking lots
- 4) The sealing of Little River Drive
- 5) The sealing of the 16 circles.
- 6) The installation of speed reducers.

We are slightly behind schedule due to the contractor getting Covid but we are almost ready to get back to work with the Timeline goal for completion of three to four weeks. I would like to thank you in advance for your cooperation during the sealing phase.

This work, when all done, will be something we all can be proud of and the completion of a long overdue job.

Respectfully submitted,  
Ed Schutte

## **A Message of Thanks, Perspective, and an Invitation to Serve**

**As of July, I will officially complete my term as a member of the WJV Board of Directors. Serving over the past 17 months has been both a learning experience and an honor. Like many volunteers, I began as a “lay person,” and through this experience I have gained tremendous respect for those who have served before me and alongside me.**

**Working with dedicated board members, committee participants, and volunteers has reinforced how much care and commitment it takes to make WJV the special community it is. Board service is not for the faint of heart, and it is impossible to please everyone—especially in a volunteer role where members must balance differing opinions, limited resources, and the best interests of the entire community.**

**For those who may be dissatisfied with decisions made by the current board, I encourage you to consider the complexity of these responsibilities and the fact that these positions are filled by neighbors who volunteer their time and do their best with the information available. If our community expects expert-level work in every area, it may be worth having thoughtful conversations about when and where professional expertise is appropriate.**

**As we look ahead to the 2026/2027 Board elections, our governing documents provide for a Nominating Committee to bring forward a slate of candidates. While that process is the preferred approach, in its absence this year, a member who wishes to run for the Board of Directors is encouraged to submit a resume by May 25.**

**I encourage all members to consider getting involved—whether by serving on the board, joining a committee, or volunteering in another way. If you’ve served before, please consider doing so again. If you haven’t, I encourage you to take the leap. You may be surprised by how much you learn and how meaningful the experience can be.**

**Thank you for the opportunity to serve and for your continued commitment to WJV.**

**— Vickie Lynch  
Outgoing Board Member**

## **RECREATION COMMITTEE**

On April 18<sup>th</sup>, we brought out the boards and bags and had our first Cornhole Tournament for the year and everyone was excited to get together again for some fun. Our 1<sup>st</sup> place winners were Kaylie Lucas (Dykman) and Dave B (friend of Chuck Sites) and 2nd place went to George Davis (Brunswick) and Chris McFee (Brunswick). Great job everyone!

## **SOCIAL COMMITTEE**

On April 11<sup>th</sup>, we had our Spring Yard Sale and the clubhouse was filled with 28 tables. We had so many participate this time that we expanded into the breezeway, library and even the kids game room. Plus, there were several participants that set up tables outside. Let me know if you think we should extend the hours of the sale at the fall yard sale. Just a thought.

Also on April 18<sup>th</sup>, the Daily Scoop on Main and Hotdogz ala Cart joined us for the cornhole tournament. The weather was perfect and a lot of people come out to enjoy their food and watch cornhole.
